Re: Partnership with the School District of the City of Pontiac

Dear Mr. Nichols:

On behalf of the Superintendent, Dr. Mildred Mason, and the School District of the City of Pontiac Family, I would like to thank you for the quality and quantity of services your organization is providing this school year.

The school scouting curriculum-based character building enrichment program is a tremendous asset to our faculty, students and parents. We were excited to learn that the other scout out-reach programs have also gotten off to an excellent start. The after school scouting and the outdoor education programs assist our youth in becoming leaders among their peers.

Finally, we are also appreciative of the extent to which you have collaborated with our existing programs for effectiveness and efficiency. Your program is in alignment with our curriculum and I am confident that this year will be successful. As part of our public relations and communications, I am recommending that we produce a short video on the program.

Please call me if I can facilitate any questions or concerns:

Sincerely,
