

TALGD CONFERENCE, OCTOBER 25, 2015 for LAND GRANT DESCENDANTS

Estimados Tejanos:

This message concerns our next assembly of the Texas Alliance of Land Grant Descendants... again at the **Omni Hotel in Corpus Christi, on October 25, 2015**. The conference will begin at 10:00 a.m., and run through 6:00 p.m. with 15 minute breaks in between presentations. The agenda is being prepared and will be disseminated to all as soon as possible.

AS A HEADS-UP TO ALL! **This will be one of the most important conferences** that our fellow Land Grant Activists will attend. We are going to cover **foundation material** that will lay the ground work for the **design** of our Alliance... how it will function during its IMPLEMENTATION PHASE... and thereafter. This will have significant impact on our successes or failures in the future. It is most important that our members know and understand each step we will be taking to achieve our goals. Coordination and Unity is vital to our progression... this meeting will spell out the process.

EQUALLY IMPORTANT! We will be connecting with KEY OUTSIDE SOURCES... **PEOPLE** who will play a big part in the planning sequence... toward our success. Our members need to be there to personally hear them speak... and connect with these individuals... as much as possible. The 15 minute breaks will offer some opportunity.

AND FINALLY! Our communication system is designed to grow exponentially with our mission... it is important that our members must connect with the Executive Committee Members and assimilate methods by which we are going to send and receive information from our entire field of members. Also, they need to meet all of the staff people we elected... write their contact information down and... understand the role each plays in the Alliance... and feel free to communicate Land Grant Business with any of the staff.

Please make your best effort to alert all members and persons interested in attending this meeting. It would be nice to pack the meeting hall during this conference. Equally important, (**in a BIG WAY**) it serves our best interest to begin educating all Texas Hispanics... about past history that we have discovered... and which so adversely impacted their family wellbeing. Invite your neighbors if it's convenient for them to attend. They will appreciate it.

With warmest regards,

John Falcon

CONFERENCE AGENDA
Texas Alliance of Land Grant Descendants
October 25, 2015, Corpus Christi, Texas, Omni Hotel
