Helping one of our own...

We as a Clinic were more than happy to meet together and help Nichole Anderson get the landscaping done around her new home.

Nichole said it all in these few words...

"I am so grateful and thankful that I am getting a new home. It has been a wonderful journey and well worth it. I work for and work with a great bunch of people, they came and volunteered their time to help landscape my new home. My supervisors, providers, and co-workers have been there the whole time supporting me and just as anxious as I am to get the keys to my home.

Also Chris Doll from the housing alliance came and volunteered his time to help me and the people at the housing alliance have all been nothing but nice and helpful to me in my process of getting my home."
