INTRODUCING PSI INDUSTRIAL SOLUTIONS

What started as a pressure washing company in 1989, quickly escalated to an industrial cleaning services company based in Coshocton, OH. Over the course of 25 years, PSI Industrial Solutions has since, expanded its geographic footprint.

After acquiring a fleet of industrial cleaning equipment, our service line continued to evolve with each project - responding to emergency, routine and outage support services. We have long-standing relationships with some of the most prominent industry professionals.

Each require the highest standard of safety, performance and quality. We routinely exceed our customers' expectations by providing innovative approaches, turnkey services and avoiding impromptu downtime.

HEALTH & SAFETY

Each PSI Industrial Solutions employee meets or exceeds the safety training requirements set forth in OSHA 10-Hour General Industry, in order to protect our employees and the environment. In addition, PSI's industrial safety program includes compliance auditing to allow us to monitor our work sites, so to ensure that there are no unsafe acts and potential conditions are minimized. Safety efforts are focused toward the ultimate goal of zero incidents and continuous improvement.

Safety Training Overview:

- Air Support Monitoring
- Confined Space Entry
- Fall Protection
- Hazard Communication
- Lockout/Tagout
- OSHA 10-Hour General Industry
- Personal Protection Equipment
- Respiratory Protection
- SafeLand USA Training
- 40-Hour Hazwoper Training

INDUSTRIES SERVED

PSI Industrial Solutions provides comprehensive industrial cleaning solutions to a vast array of industries who are in need of emergency response, routine and outage support services. We start with an initial overview of the project and on-site walk-thru to determine the appropriate utilization of industrial cleaning equipment, field personnel, safety procedures and cleaning methods for varied cleaning challenges. We are committed to addressing regulatory, operating and cost-management challenges.

Industry Overview: Automotive, Chemical Processing Construction, Ethanol, Food & Beverage, Manufacturing, Municipalities, Oil & Gas, Petrochemical/Refining, Power Utilities, Primary Metals, Pulp & Paper, and Universities.
