The Corporation of the Town of Rainy River Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the Corporation of the Town of Rainy River and all the information in this annual report are the responsibility of management and have been approved by the Mayor and CAO/Clerk-Treasurer on behalf of Council.

The consolidated financial statements have been prepared by management in accordance with Public Sector Accounting Principles. Consolidated financial statements are not precise since they include certain amounts based on estimates and judgments. When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances, in order to ensure that the consolidated financial statements are presented fairly, in all material respects.

The Town maintains systems of internal accounting and administrative controls of high quality consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and the Town's assets are appropriately accounted for and adequately safeguarded.

The Town Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the consolidated financial statements.

The Council reviews the Town's consolidated financial statements and meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the annual report, the consolidated financial statements and the external auditor's report.

The consolidated financial statements have been audited by BDO Canada LLP in accordance with Canadian generally accepted auditing standards on behalf of the members. BDO Canada LLP have full and free access to the Council.

Deborah J. Ewald	Mayor
	CAO/Clerk-Treasure

Independent Auditor's Report

To the Members of Council, Inhabitants and Ratepayers of The Corporation of the Town of Rainy River

We have audited the accompanying consolidated financial statements of the Corporation of the Town of Rainy River as at December 31, 2015, which are comprised of the consolidated Statement of Financial Position as at December 31, 2015, and the consolidated Statement of Operations, the consolidated Statement of Change in Net Financial Assets (Debt) and the consolidated Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly in all material respects, the financial position of the Corporation of the Town of Rainy River as at December 31, 2015, and the results of its operations, change in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

December 31, 2015

Management's
Responsibility for the
Consolidated Financial
Statements

The consolidated financial statements of the Municipality are the responsibility of management. They have been prepared in accordance with Canadian accounting principles established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

Basis of Consolidation

The consolidated financial statements reflect the assets, liabilities, revenue and expenses of all municipal organizations, committees and boards which are owned or controlled by the Municipality. All interfund assets, liabilities, revenues and expenditures have been eliminated on consolidation.

The following board and municipal enterprise owned or controlled by Council has been consolidated:

Rainy River Recreation Board Inc.

The Municipality has a government partnership in place. The partnership is accounted for on a proportionate consolidation basis whereby the Municipality's pro-rata share of each of the assets, liabilities, revenue and expenditures are combined on a line by line basis in the consolidated financial statements. The Municipality has a 33.33% ownership in the government partnership. The government partnership that has been consolidated is:

Rainy River Health Care Committee

The following boards are not consolidated:

Northwestern Health Unit Rainy River District Social Services Administration Board

Government business enterprises and partnerships are separate legal entities which do not rely on the Municipality for funding. Investments in government business enterprises are accounted for using the modified equity method. No government business enterprises are reflected in the consolidated financial statements.

December 31, 2015

Basis of Accounting

Revenues and expenditures are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

The consolidated statement of financial position reflects all of the financial assets and liabilities of the Municipality. Financial assets are those assets which could provide resources to discharge existing liabilities or finance future operations. Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the change in net financial assets for the year. Accumulated surplus represents the financial position of the Municipality, and is the difference between its' assets and liabilities. This provides information about the Municipality's overall future revenue requirements and its' ability to finance activities and meet its' obligations.

Cash and Cash Equivalents

The policy of the Municipality is to disclose bank balances under cash and cash equivalents including bank overdrafts and lines of credit with balances that fluctuate frequently from being positive to being overdrawn and temporary investments with a maturity of three months or less from the date of acquisition.

Investments

The Municipality accounts for its investments at cost. The carrying value of an investment is written down to its net recoverable amount if a decline in value is judged to be other than temporary.

Tangible Capital Assets

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is available for productive use as follows:

Land improvements	40 to 60 years
Buildings	15 to 60 years
Machinery and equipment	10 to 20 years
Roads and bridges	10 to 80 years
Water infrastructure	30 to 80 years
Sewer infrastructure	30 to 80 years
Vehicles	15 to 20 years
Computer hardware and software	10 years

December 31, 2015

Trust Funds

Trust funds held in trust by the Municipality, and their related operations, are not included in these consolidated financial statements. The financial activity and position of the trust funds are reported separately on the trust funds statement of continuity and balance sheet.

Revenue Recognition

The Municipality prepares property tax billings based on assessment rolls issued by the Municipal Property Assessment Corporation (MPAC), in accordance with rates established and approved annually by Council and the Province of Ontario. Taxation revenue is recognized when the taxable event occurs.

User fees and other revenues are recognized when the services are performed or goods are delivered and there is reasonable assurance of collection.

Deferred Revenue

Funds received for specific purposes which are externally restricted by legislation, regulation or agreement and are not available for general municipal purposes are accounted for as deferred revenue on the consolidated statement of financial position. The revenue is recognized in the consolidated statement of operations in the year in which it is used for the specified purpose.

Government Transfers

Government transfers, which include legislative grants, are recognized in the consolidated financial statements in the period in which events giving rise to the transfers occur, providing the transfers are authorized, any eligibility criteria and stipulations have been met, and reasonable estimates of the amount can be made.

School Boards

The Municipality collects taxation revenue on behalf of the school boards. The taxation, other revenues, expenditures, assets and liabilities with respect to the operations of the school boards are not reflected in these consolidated financial statements.

Solid Waste Landfills

The estimated costs to close and maintain solid waste landfill sites are based on estimated future expenses in current dollars, discounted, adjusted for estimated inflation, and are charged to expense as the landfill site's capacity is used.

December 31, 2015

Use of Estimates

The preparation of consolidated financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

The estimates used in preparation of these consolidated financial statements are the useful lives of the property, plant and equipment, the capacity of the landfill site, the useful lives of the landfill site, the post-closure costs of the landfill, and taxation revenue.

Pension Agreements

The Municipality is an employer member of the Ontario Municipal Employees Retirement System (OMERS), which is a multi-employer, defined benefit pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the assets and administration of the benefits. The Municipality has adopted defined contribution plan accounting principles for this Plan because insufficient information is available to apply defined benefit plan accounting principles. The Municipality records as pension expense the current service cost, amortization of past service costs and interest costs related to the future employer contributions to the Plan for past employee service.

Contaminated Sites

Effective January 1, 2015, the Municipality adopted the new Public Sector Accounting Standard PS 3260 Contaminated Sites. The new standard can be applied retroactively or prospectively, and the Municipality has elected to apply it prospectively.

Under PS3260, governments are required to accrue a liability for the costs to remediate a contaminate site. Liabilities are recognized when an environmental standard exists, contamination exceeds the standard, the government has responsibility for remediation, future economic benefits will be given up and a reasonable estimate can be made.

Management has assessed its potential liabilities under the standard including sites that are no longer in productive use and sites which the Municipality accepts responsibility. There were no such sites that had contamination in excess of an environment standard which required remediation at this time, therefore no liability was recognized on transition as at January 1, 2015 or at December 31, 2015.

December 31, 2015

1. Investments

	2015	2014
Investments restricted by Council resolution Restricted cash Money market	\$ 27,262 57,994	\$ 17,871 57,769
Other restricted investments	85,256	75,640
Equity fund	 _	 1,100,000
	\$ 85,256	\$ 1,175,640

The income from investments for the year was \$194,728 (2014 - \$664). The Municipality's investments restricted by Council resolution have a market value of \$85,200 (2014 - \$75,437). The Municipality's other restricted investments have a market value of \$NIL (2014 - \$1,259,440)

Certain surplus funds are set aside by by-laws or Council resolution for specific purposes and referred to as reserve funds. Investments restricted by Council resolution represent the assets that are maintained in respect of those reserve funds (Note 9).

2. Taxes Receivable

	S	2015	2014
Taxes receivable Allowance for doubtful accounts	\$	174,544 (13,040)	\$ 129,455
	\$	161,504	\$ 129,455

3. Bank Indebtedness

Bank indebtedness consists of a credit facility with a Canadian Chartered Bank. The maximum authorized amount is \$300,000 and bears interest at the bank's prime rate plus 1.0%.

4. Demand Loan

The Municipality's demand loan consists of a credit facility with a Canadian Chartered Bank which was obtained as a means of temporarily financing municipal capital infrastructure additions until grant funding for the project is received. The demand loan is subject to interest at the bank's prime rate + 1.0% and has a maturity date of March 31, 2016.

December 31, 2015

5. Deferred Revenue

	Opening balance	(Contributions received	Externally restricted investment income	Revenue recognized	Ending balance
Federal gas tax	\$ -	\$	48,761	\$ - \$	(48,761) \$	1-
Infrastructure programs	1,229,463		1,030,000	•	(1,964,230)	295,233
Other	 60,789		22,759	¥	(39,461)	44,087
	\$ 1,290,252	\$	1,101,520	\$ - \$	(2,052,452) \$	339,320

Federal Gas Tax

The Federal Government advances the Municipality funding related to gasoline tax. This funding must be spent on approved infrastructure projects. The funding can be deferred for a maximum of 5 years.

Infrastructure Programs

These programs relate to various capital grants that are required to be spent on infrastructure. Until the funding has been spent on infrastructure it has not been earned and therefore, has been deferred.

6. Net Long-term Debt

Net long-term debt reported on the consolidated statement of financial position is comprised of the following:

	2015	2014
Rainy River Future Development Corporation Loan, payable at \$340 monthly, including interest at 3%. Matures December 1, 2015.	\$ =	\$ 4,019

The gross interest paid relating to the above long-term debt was \$72 (2014 - \$184).

December 31, 2015

7. Solid Waste Closure and Post-Closure Liabilities

Solid waste closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, removal of ground water and leachates, and ongoing environmental monitoring, site inspection and maintenance. The present value of the Municipality's estimated future liability for this expense is recognized as the landfill site's capacity is used. The liability and annual expense is calculated based on the ratio of utilization to total capacity of the landfill site and the discounted estimated cash flows associated with closure and post-closure activities.

The liability for the landfill site is recorded at \$24,727 (2014 - \$22,221) and represents the present value of closure and post-closure costs for 100% of the current site's opened cells, using the average long-term borrowing rate of 3.84%. The liability is recorded based on the capacity of the landfill used to date. The estimated remaining capacity of the site's opened cells are approximately 229,276 cubic meters, which are estimated to be filled in 172 years. Post-closure care is estimated to continue for a period of 25 years.

The liability is expected to be funded through budget allocations to a landfill reserve over the remaining life of the landfill.

The net book value of tangible capital assets not being amortized because they are under construction is \$87,559 (2014 - \$30,043). These items are recognized separately as tangible capital assets under construction in the consolidated statement of financial position.

December 31, 2015

9. Accumulated Surplus

The Municipality segregates its accumulated surplus in the following categories:

	2015	2014
Investment in tangible capital assets Tangible capital assets Demand debt Long-term debt	\$18,190,758 (300,000)	5 14,243,808 - (4,019)
Total investment in tangible capital assets	17,890,758	14,239,789
General operating Water Sewer Recreation board Cemetery Library Activity centre Health Care Committee	1,760 (734,823) (650,862) 49,349 (1,396) 10,745 14,836 (17,023)	(49,267) (135,747) (48,808) 39,286 3,027 5,279 11,076 4,980
Total operating deficit	(1,327,414)	(170, 174)
Other allocated deficits Landfill closure Employee future benefits Total other allocated deficits	(24,727) (45,337) (70,064)	(22,221) (43,086) (65,307)
Reserve funds Hydro sale Water Library Sick leave	333,376 3,392 26,333 21,752	332,094 3,379 17,643 21,669
Fire department Health centre	18,890 7,921	18,817 7,891
Total reserve funds	411,664	401,493
Working capital reserve	87,808	87,808
	\$16,992,752 \$	14,493,609

The investment in tangible capital assets represents amounts already spent and invested in infrastructure and other non-financial assets.

Reserve funds represent funds set aside by by-law or Council resolution for specific purposes. At December 31, 2015, the Municipality had \$85,256 (2014 - \$75,640) in investments restricted by Council resolution with respect to those reserve funds. As a result, there were \$326,408 (2014 - \$325,853) in unfunded reserve funds.

15. Contingent Liabilities

The Municipality has identified soil contamination on municipal property and retained a third party engineer to assess and remediate any soil impacted. While the engineer was able to excavate soil that was deemed contaminated, they were unable to completely assess the extent of the contamination due to infrastructure and natural features preventing an increase in the area or depth of the excavation and assessment. As a result of these limitations, the extent of the remaining contamination, if any, is undeterminable at this time and no liability for the future costs of remediation have been recognized. Should any loss result from future remediation, such loss will be charged to operations in the year of remediation. The property is still in productive use as at December 31, 2015.

December 31, 2015

16. Contributions to Unconsolidated Boards

The following contributions were made by the Municipality to these boards:

	 2015	2014
Northwestern Health Unit Rainy River District Social Services Administration Board	\$ 37,611	\$ 35,451
Ambulance service	46,593	48,057
General assistance	7,104	4,412
Child care	4,970	5,013
Social housing	 29,639	 26,682
	\$ 125,917	\$ 119,615

17. Pension Agreements

OMERS provides pension services to more than 461,000 active and retired members and approximately 1,000 employers. Each year an independent actuary determines the funding status of OMERS Primary Pension Plan (the Plan) by comparing the actuarial value of invested assets to the estimated present value of all pension benefits that members have earned to date. The most recent actuarial valuation of the Plan was conducted at December 31, 2014. The results of this valuation disclosed total actuarial liabilities of \$77,284 million in respect of benefits accrued for service with actuarial assets at that date of \$70,206 million indicating an actuarial deficit of \$7,078 million. Because OMERS is a multi-employer plan, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, the Corporation does not recognize any share of the OMERS pension surplus or deficit. Contributions made by the Municipality to OMERS for 2015 were \$35,638 (2014 - \$36,597) for current services.

18. Trust Funds

The trust funds administered by the Municipality amounting to \$126,548 (2014 - \$132,241) have not been included in the consolidated statement of financial position nor have their operations been included in the consolidated statement of operations.

December 31, 2015

19. Commitments

Rainycrest Home for the Aged

As a result of the restructuring of Rainycrest Home for the Aged, the Municipality has agreed to annual contributions to Riverside Health Care Facilities, Inc. for support of Long-Term Care Programs and Services, until the year ended December 31, 2016.

The committed annual payment for the next year is as follows:

Year Amount 2016 \$ 3,281

Locum Housing

The Municipality has entered into an agreement with two other organizations to construct housing for locum doctors in the Town of Rainy River. In the event that insufficient grants, contributions, donations or fundraising proceeds are available to cover the costs of the construction and furnishings of the housing, the parties to the agreement have agreed to provide the necessary funds to complete the project by way of repayable loans, bearing interest at prime up to the maximum set by the committee.

Ornge Helipad

The Municipality has entered into an agreement with Ornge for the access and maintenance of the Helipad located in Rainy River. The Municipality has committed to provide ongoing maintenance and repair to the Helipad until the end of the agreement on March 31, 2017. Ornge has agreed to provide a fee of up to \$3,500 per fiscal year (April 1st to March 31st) to the Municipality in order to assist with the related costs.

December 31, 2015

20. Government Partnership

On July 11, 2011, the Municipality entered into an agreement with three other communities to jointly construct and maintain housing for locum physicians and medical students. All revenues and costs related to the development and operations will be shared based on each community's financial contribution to the project. Upon entering into the agreement, each community made a \$25,000 refundable contribution leaving each community with a 25% proportional interest.

In September 2015, one of the member communities withdrew from the partnership and was refunded their original \$25,000 member contribution. For each of the remaining three member communities, the exit of this partner resulted in an increase in their proportionate interest of the partnership to 33.33% and a corresponding gain in the partnership interest of \$38,434. This gain has been recognized on a prospective basis and has been included in the Municipalities other income on the consolidated statement of operations for the year ended December 31, 2015.

21. Segmented Information

The Corporation of the Town of Rainy River is a diversified municipal government institution that provides a wide range of services to its citizens. The management of the Municipality considers decisions based on separate service areas. These service areas are: general government, protection services, transportation services, environmental services, health services, social and family services, social housing, recreation and cultural services and planning and development.

Descriptions of the services and funds that management bases their decisions on are as follows:

General Government

General government consists of governance, corporate management and program support. These categories relate to operations of all of the various programs and services that the Municipality offers to its citizens.

Protection Services

Protection is comprised of police service and fire protection. Police service is contracted out to the Ontario Provincial Police. The fire department is responsible to provide fire suppression service, fire prevention programs, training and education related to prevention, detection or extinguishment of fires. The members of the fire department consist of volunteers.

Transportation Services

The transportation services area provides construction and maintenance of the roadways throughout the Municipality.

Environmental Services

Environmental services consists of the management and maintenance of the sanitary sewer system, waterworks system, and waste disposal facility located within the municipal borders.

Health Services

Health services are comprised of public health services and ambulance service. The Municipality contributes to local boards which provide these services to the citizens of the Municipality.

Social and Family Services

Social and family services are comprised of general assistance, child care and assistance to the aged. The Municipality contributes to local boards which provide these services to the citizens of the Municipality.

Social Housing

The Municipality contributes to a local board, which provides social housing if the citizens of the Corporation of the Town of Rainy River require the service.

Recreation and Cultural Services

This service area consists of the operation and maintenance of local parks, recreation facilities, cultural facilities, and the town library.

Planning and Development

These services relate to zoning issues as well as planning of various municipal maintenance projects.

For each reported segment, revenues and expenditures represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information. Taxation, payments-in-lieu of taxes, certain government grants and other revenue have been apportioned based on a percentage of budgeted expenditures.

Independent Auditor's Report

To the Members of Council, Inhabitants and Ratepayers of The Corporation of the Town of Rainy River

We have audited the accompanying financial statements for the trust funds of the Corporation of the Town of Rainy River, which comprise the balance sheet as at December 31, 2015, the statement of continuity for the year then ended and a summary of significant accounting policies and other explanatory information. The financial statements have been prepared by management based on the basis of accounting as described in Note 1.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the basis of accounting as described in Note 1; this includes determining that the described basis of accounting is an acceptable basis for the preparation of the financial statements in such circumstances, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates, if any, made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the balance sheet for the trust funds of the Corporation of the Town of Rainy River as at December 31, 2015, and the continuity thereof, in accordance with the basis of accounting as described in Note 1.

Basis of Accounting and Restriction on Use

Without modifying our opinion, we draw attention to the significant accounting policies section of the financial statements which describes the basis of accounting. The financial statements are prepared to assist the Corporation of the Town of Rainy River to comply with the reporting requirements of the Ministry of Consumer Services. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the management of the Corporation of the Town of Rainy River and the Ministry of Consumer Services and should not be used by parties other than the management of the Corporation of the Town of Rainy River and the Ministry of Consumer Services.

The Corporation of the Town of Rainy River Trust Funds Notes to Financial Statements

December 31, 2015

Summary of Significant Accounting Policies

Management's Responsibility The financial statements of the Corporation of the Town of Rainy River Trust Funds are the representation of management and have been prepared in accordance with accrual based accounting principals. Precise determination of some assets and liabilities may be dependent upon future events and estimates and approximations. These estimates and approximations have been based upon the available information, using careful judgment and review.

Accrual Basis of Accounting Sources of financing and expenditures are reported on the accrual basis of accounting.

> The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

Basis of Consolidation

These trust funds have not been consolidated with the financial statement of the Municipality.

Cemetery Perpetual Care Trust Fund

The Cemetery Perpetual Care Trust Fund was established in accordance with the Cemeteries Act for the care and maintenance of certain cemetery grounds.

Ontario Home Renewal Program

The Ontario Home Renewal Program was established by the Ontario Ministry of Housing in 1973 to provide grants for Municipalities to make loans to assist owner occupants to repair, rehabilitate and improve their homes to local property standards. The loans were in the form of repayable and forgivable loans depending on household income. Individual loans were limited to \$7,500, of which the maximum forgivable portion was \$4,000.

As of July 16, 1993, the Ontario Home Renewal Program was discontinued and Municipalities were prohibited from issuing further loans as of that date. All OHRP funds held in municipal trust accounts as of December 31, 1993, were remitted to the Province by March 1, 1994. Any loans receivable under the program which are collected subsequent to December 31, 1993, are remitted to the Province by March 1 of the following year. Municipalities will be provided an administration fee of five per cent of the balances collected after December 31, 1993, and are permitted to retain the interest earned on unremitted OHRP trust account balances.
