A Note from Rick: The market Tuesday was unchanged for the most part compared to a week ago. Bull calves were slightly higher and butcher cows slightly lower. The Pony Auction on Labor Day brought lots of people, lots of kids and lots of ponies to TLA. It was a fun day for all and the last sale to be held in the Horse Arena. A lot of memories and a lot of history there and we will miss it, but we are super excited to get things moved to our New Arena and begin a new era at TLA. The project has been moving along very smoothly all summer and it looks like we will have no problem meeting our completion date and being in the new building for October sales. Thanks to a lot of hard work and extra effort, the end is in sight and we are truly looking forward to moving in and carrying on a lot of old traditions, while working together to start some new ones. We would like to take the time to say how much we truly appreciate the level of support that we have received since starting this new project from the community. Topeka is a unique place with amazing values and traditions. We are just really grateful that we are able to be a part of it. See you at TLA!
