

# HERALDS OF THE COMING AGE

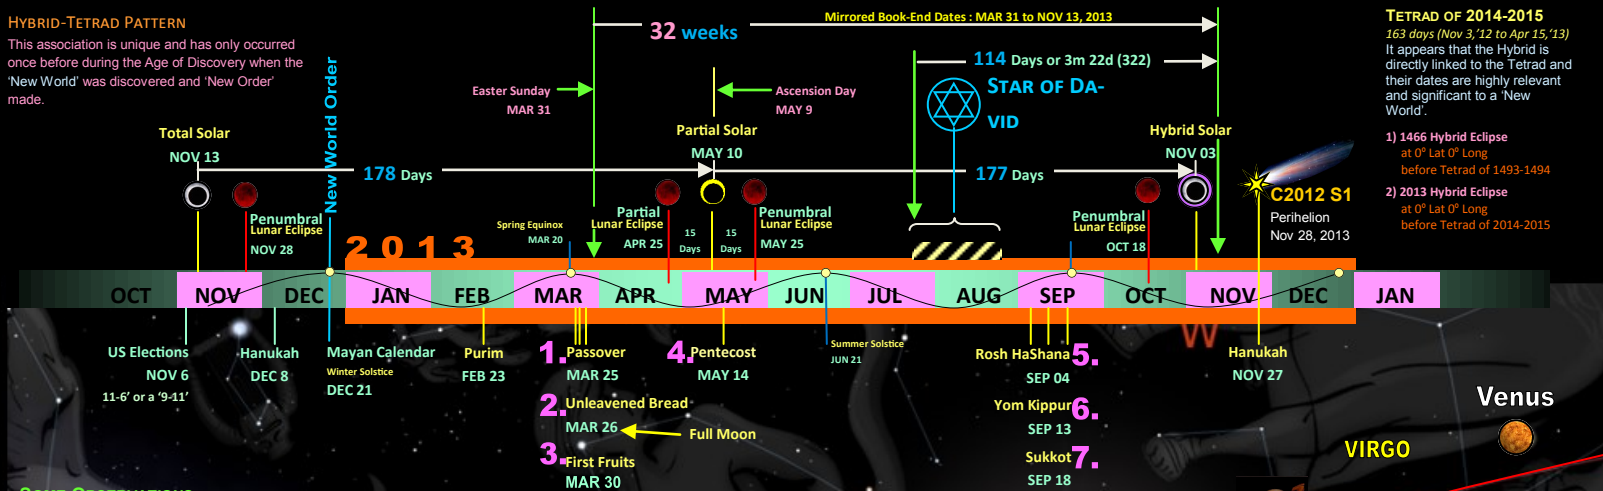

## THE SOLAR & LUNAR ECLIPSE PATTERNS OF 2013

The purpose of this chart to highlight several key celestial occurrences for the remainder of 2012 and for 2013. In particular, the only 2 Total Solar Eclipses that occur before the **Tetrad of 2014-2015** will be highlighted. The 1<sup>st</sup> Total Solar Eclipse is on **Nov 13, 2012**. The 2<sup>nd</sup> very rare Hybrid Solar Eclipse is on **Nov 03, 2013**. Both of these 2 Solar Eclipses will occur in the Constellation **LIBRA**. For context, the pattern of all Solar and Lunar Eclipses since Oct 2012 and all of 2013 will be plotted onto the timeline. The Jewish Feast dates from Dec 2012 and on into 2013 will serve as reference points for context along with the frequency of the Solstices and Equinoxes. For those that follow global events based on what is going on in the 'Signs' in the Sun, Moon and Stars, the remainder of 2012 and 2013 will have 'Signs' or celestial occurrences in all 3 of the elements leading up to the Tetrad of 2014-2015.

From Nov 2012 to the end of 2013, you will have **1)** 3 Solar Eclipses, **2)** 3 Lunar Eclipses & **3)** perhaps the brightest comet in human history, C2012 S1. Maybe these combinations of the 'Signs' will have something to do with the anticipated 'New World Order' that many are alluding is to arrive on Dec 21, 2012 or culminate thereafter in either 2013 or 2014. The only hypothesis that this study makes is that perhaps these 2 remaining Total Solar Eclipses leading up to the Tetrad are indeed heralding a 'New World Order' of sorts. This correlation is based on the similar pattern of the Solar Eclipse preceding the Tetrad of 1493-1494. That Tetrad transpired during the establishment of a 'New Order' based on the discovery of the 'New World' of the Americas by Columbus.

### HYBRID-TETRAD PATTERN

This association is unique and has only occurred once before during the Age of Discovery when the 'New World' was discovered and 'New Order' made.

**TETRAD OF 2014-2015**  
163 days (Nov 3 '12 to Apr 15 '13)  
It appears that the Hybrid is directly linked to the Tetrad and their dates are highly relevant and significant to a 'New World'.

- 1) 1466 Hybrid Eclipse at 0° Lat 0° Long before Tetrad of 1493-1494
- 2) 2013 Hybrid Eclipse at 0° Lat 0° Long before Tetrad of 2014-2015

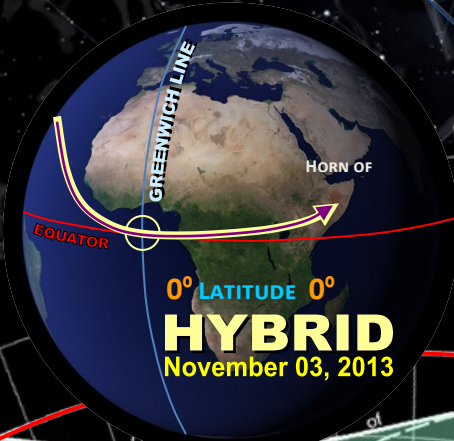

### SOME OBSERVATIONS

1. Hybrid Eclipse of Nov 3, 2013 at 0° Latitude 0° Longitude, Earth's Equator and Greenwich Line - not since 1466.
2. The Comet ISON C2012 S1, magnitude of -24 will reach Perigee exactly on the eve of Hanukkah 2013.
3. MAR 31, 2013 will mirror NOV 13, 2013 (3-31-13) to (11-13-13) and both the Solar Eclipses occur in Libra.
4. The May 10, 2013 Annular Eclipse is symmetrically in the midst of the Nov 13, 2012 and Nov 03, 2013 eclipses.
5. The 2 Lunar Eclipses flank the May 10, 2013 Annular Eclipse symmetrically on either side by 15 days.
6. Mar 31, 2013 'code' is in Golden Ratio proportions to May 10, 2013 Eclipse and beginning of Star of David alignment.
7. May 10, 2013 Eclipse is in Golden Ratio proportions to Jun 22, 2013 Star of David alignment and Comet ISON.
8. The Cross or 'T' planetary alignment - Star of David astro-chart occurs around Jul 22, 2013 to Aug 26, 2013.
9. Easter Sunday Mar 31, 2013 correlating to the 1-333-1 code & Ascension Day is on May 9, 2013 eve of Eclipse.

### A NEW ORDER TO COME

In one perspective, the Hybrid Solar Eclipse of 1466 heralded the Tetrad of 1493-1494. That Tetrad had a negative consequences on the Jews of the world in those days. Perhaps the Tetrad of 2014-2015 will likewise have a similar prophetic negative effects based on the similar pattern of having a Hybrid Solar Eclipse leading up to the Tetrad.

Perhaps all the catastrophes, wars, pestilences, famine & upheaval that the **BOOK OF REVELATION** speaks about will start to occur during this time of the Luciferian New Order that the world is currently heading towards, the world will be in dire need of a 'New Order' due to the inevitable economic and moral collapse to come to name a few.

## ECLIPSES

Nov 13/14, 2012 & Nov 03/04, 2013

### CONSTELLATION LIBRA

The 2 remaining Total Solar Eclipses leading up to the Tetrad of 2014-2015 will occur in the constellation **LIBRA**, perhaps there is some prophetic significance to the meaning behind both eclipses occurring there. According to the work of E.W. Bullinger, Libra speaks about The Redeemer's Atoning Work. This work was and is being and will be done through the Scales or **Altar** of 'Libra'. It is where 'Sin' must be paid for.

Perhaps these solar eclipses 'Herald' the New World Order to come after the Tetrad of 2014-2015 takes its course. Many are speculating that it could be the start of Tribulation Period.

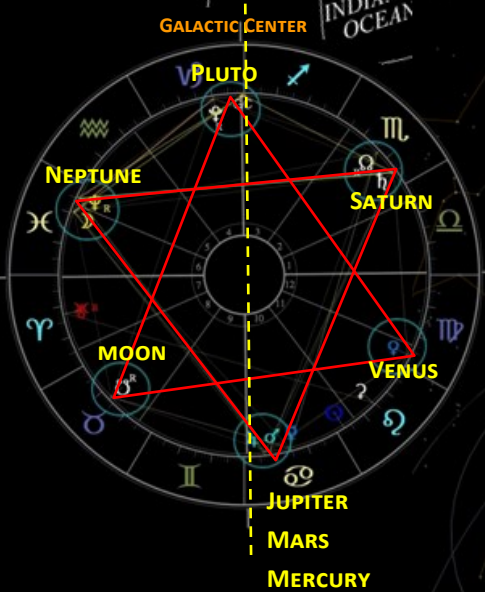

This period will be one in which there will be a 'cutting off'. **Crux**. A victimization. **Lupus** of the Jews and Christ professing Christians, and how yet at the end of the Tribulation, sin will be dealt with as Christ's enemies will be subdued. **Crown**.

**2<sup>ND</sup> SOLAR ECLIPSE OF 2012**  
at 19:38 Universal Time (UT)  
on November 13 & ends at 00:46 UT  
on November 14, 2012.

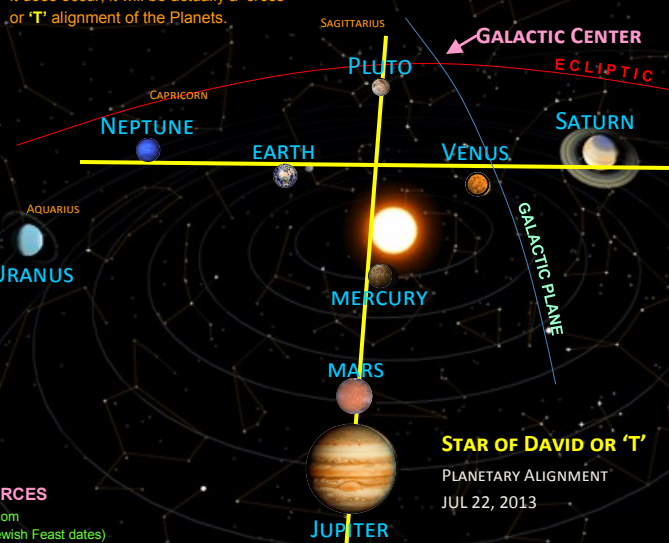

This Total Solar Eclipse will actually involve 2 calendar dates as the Eclipse passes the International Dateline from Australia. It will start on the 13<sup>th</sup> near the city of Darwin in Northern Australia. It will travel east towards the city of Cairns. As it passes north of New Zealand, it will be the 14<sup>th</sup> of Nov. At this point it will reach its Maximum and will last 4 minutes.

## Star of David

### GALACTIC ALIGNMENT

These celestial **Star of David** planetary configurations do occur frequently. When it does occur, it will be actually a 'cross' or 'T' alignment of the Planets.

**HYBRID ECLIPSE - TETRAD SEQUENCE**  
The Total Solar Eclipses to occur will precede the infamous 'New Age' or 'World' time markers. In particular, the Hybrid Eclipse that occurred in the 1460s, some 30 years prior to the Tetrad of 1493-1494 did coincide with the discovery of the 'New World' by Columbus in the Americas in 1492. This became a pivotal moment in human history where a 'New Order' out of the 'Old' was established from that time.

The 1<sup>st</sup> Total Solar Eclipse of Nov 13, 2012 can be seen as heralding the Dec 21 of 2012 'Dawn of a New World or Age' that many around the world are anxiously anticipating.

The 2<sup>nd</sup> Total Solar Eclipse will be a very rare Hybrid Eclipse that perhaps is heralding the Tetrad of 2014-2015 New World Order that will have engulfed all the world in its evil.

### STAR OF DAVID PLANETARY ALIGNMENTS

The Star of David is a very ancient symbol that is ascribed to the shield of King David of Israel or the Sign of Solomon, his son. It is a geometric pattern of 2 interlocking triangles interposed with each other. Other research contends that it is a much older symbol associated with occultic lore.

Astrologically, this same geometric configuration occurs in the cosmos or sky by way of the heavenly bodies being at the specific coordinates when plotting the bodies using an astrological chart.

The actual Star configuration or 'symbol' of the Star of David cannot be actually seen in the Heavens. This is because the 6 points engulf the whole of the Earth's circumference using the 360° point of view that we have from Earth. When the Star of David planetary alignment occurs, 3 Planets will always be in the Northern Hemisphere, and 3 Planets will be in the Southern Hemisphere.

Since 1990, there have been 12 such Star of David configurations. The 13<sup>th</sup> is to occur in mid 2013; right in between the May 10, 2013 Annular Solar Eclipse and the Hybrid Solar Eclipse of Nov 3, 2013. It is possible to consider that certain major world events in the past could have had a correlation to the Star of David configuration. Events happen all the time but as events pertain to the USA and the Middle East, there might be a connection also to the workings of the occult to forge their New World Order or a birth through them.
