Dear Kimberly;

The Harbour Authority of Petty Harbour is proud to provide this letter for Fishing For Success in support of your plans to provide youth and tourists with educational and cultural programs centered on the small boat inshore fishery. We look forward to the addition of a re-created family fishing premise at the historic Island Rooms of Petty Harbour, and the return of small wooden boats with make & break engines to our beautiful harbour. We are pleased that the youth of Newfoundland and Labrador will be provided with the opportunity to row dories once again!

The Harbour Authority of Petty Harbour and Fishing For Success at Island Rooms of Petty Harbour have common interests: to provide a safe harbour; to ensure that Newfoundlanders and Labradorians will be provided the opportunity to develop their boating skills; and that Petty Harbour will always be lined with fishing boats.

The Harbour Authority of Petty Harbour looks forward to working with Fishing For Success as you develop your participatory museum on the Island Rooms of Petty Harbour. The development of the Island Rooms as a "model fishing village" had been identified as part of the Petty Harbour-Maddox Cove Strategic Tourism Plan. The Harbour Authority was instrumental in development of this plan; it is exciting to see another piece of the plan put into place.

Yours Truly,
