COMFORT STATION DRIVE

The MHS Students for Helping and Assisting through Righteous Endeavors (SHARE) Committee would like to thank everyone who provided donations towards the Comfort Station Drive. The drive's goal was to collect hygiene-based products to help the students of our school. The grade who donated the most products will also have a pizza party as a reward and will be announced at a later time. Our Chair President and Founder Bryce F. had the following to say about the response to the Comfort Station Drive: "It has been amazing to see all this support come out once again from our community. As the SHARE Committee works to achieve more philanthropic endeavors in the future, we are both inspired and enthused knowing we have a community wholeheartedly ready to give back. I again thank everyone for their involvement."

MERA GRANT APPROVED

Our MERA Grant application has been approved!

To help our students make the most of their high school years, I have written a grant to receive Customer Service Vouchers for all of our Customer Service students. This will give these students the opportunity, at no cost to them, to receive a credential in this area. Customer service is such an important part of our students' overall high school experience. We as educators need to not only focus on academics, but we also need to prepare these students for the real world!

In addition to the Customer Service Grant, there is a separate grant opportunity for our seniors this year. The grant was approved for this year's seniors to earn certification in Workforce Prep. Workforce Prep is an online curriculum intended to help young adults entering the workforce. The courses are new and improved for this school year and are designed to be completed on computers or any mobile device.

We were awarded 100% of the Workforce Prep Courses that we applied for under the MERA grant.

LEAP TEST CHAMPIONS!

Congratulations to the Maurepas 8th graders for earning the highest scores in the parish on last year's LEAP tests. First place in ELA, first place in social studies, and second place in math. As a reward, they will be attending an event at the Manship Theater in Baton Rouge on Monday, October 28. Great job, guys!
