Inamorato is the son of Elite stallion/Stallion of the Year Buddenbrock (Sixtus/Diamant), sire of E.H. Connery, and the illustrious dam line of Isabella. Pr St Indira XV (Fontainbleau/Mahagoni) achieved Champion Mare at the Mare Show in Landgestüt Graditz 2000 (occurs once every 7 years with Trakehners from Europe, Poland and Russia competing); her Mare Family was also declared Champion. The dressage phenomenon Imperio is from this same "I" line and is also a grandson of Buddenbrock. Inamorato's sires—CCI\*\*\* Fontainbleau, Habicht, Rockefeller, Mahagoni, Consul—are truly dressage royalty with a large dose of jumping ability thrown in.

Foaled St. Patrick's day, 2001, Inamorato achieved his ATA approval in 2003 with the ATA comments, "willing jumper/good technique/relaxed/confident. Excellent temperament, obvious jumping potential. Mares needing type and jumping talent should cross well with this modern young stallion." Combining highly athletic lines, beauty, harmony, willingness and Trakehner type, Inamorato has many accomplishments. Breed, hunter/jumper, dressage and eventing competitions have produced ribbons and cash with: NEDA, USDF, USHJA, USEA, USEF, ATA; including Champion, Reserve Champion, and Horse of the Year awards.

Inamorato competes in eventing with Andrew Palmer. In March, 2011, at Red Hills International Horse Trials (where David O'Conner stated, "All horses with Olympic aspirations have competed at Red Hills"), Inamorato remained 1st with his dressage score of 27.4 over all Preliminary divisions and a double clear, powerful cross country, finishing the stadium in 4th place with a victory gallop and a nice check. Preliminary events followed in 2012: Inamorato and Andrew bravely completed (in 96-degree heat) his first CCI\*. The judges comments—"Awesome, lovely"—never disappoint. His 2013 competitions consisted of CCI\* and Dressage shows. Inamorato jumps 5'6" with style and ease. His foals impress: elegant partners, eager, true to conformation and type, with superior strength in all gaits.
