

ELAINE VAUGHN

HANDCRAFTED NECKLACE SETS

ARTIST'S STATEMENT

In 2009 I started designing and making jewelry. I love to start a piece and see how it will turn out.

The majority of my necklaces and bracelets are made with small seed beads, Swarovski crystals or pearls, gemstones, sterling silver, natural pearls and onyx are a few of the items used.

I am a member of the Florida West Coast Bead Society and Creative Arts Association.

Most of my jewelry is one of a kind and women love to wear a special and affordable piece.
