3. Cleaner Cutter Bar

\$ 6.50 SALE

"GENTLE FINGERS"

With over 6 million, patented **"GENTLE FINGERS"** in the fields, we're secure in stating we have the best designed nylon reel finger replacement available in the market place today. The patented "T Bar" design allows **"GENTLE FINGERS"** to bend uniformly from point of contact to the point of attachment, thereby eliminating a weak spot where the finger could bend again and again, and in time, break off during use.

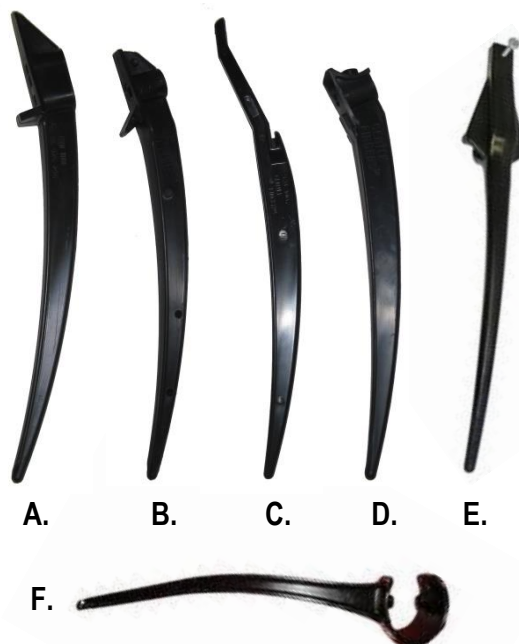

- Eliminates broken cutter bar parts that are the result of getting steel fingers into the sickle.
- Eliminates the need for plastic tile over wooden slats since **"GENTLE FINGERS"** will not allow crop to wrap.

The following **"GENTLE FINGERS"** come complete with hardware & mounting instructions:
