

To install a new or replace an old water heater, the following would be required:

Permit fee	<u>90.00</u> (plg.)	<u>100.00</u> (plg.)	<u>100.00</u> (w.h.)
C.C. fee	<u>125.00</u>	<u>125.00</u>	<u>125.00</u>
	215.00	225.00	225.00

Gas Test cert. (if req'd) 50.00 No addl. chrg 50.00

(No c.c. fee would be required, if installation is in conjunction with other construction work being performed.)

Gas test - whole house or just unit?

When gas work is involved, gas test must encompass all new piping and threaded connections.

Would gas test be required on replacement? If yes, whole house or just unit?

Only where supply piping has been changed.
