Guidance Notes

- Applicants should bear in mind that grants from the Parish Council for parish bodies are intended for capital items and not maintenance or running costs
- In general, the Council would expect 50% of the costs of the item/project to be funded by the organisation or from other sources
- The items to be purchased or the planned project should normally be **completed and paid for** within the financial year in which the grant is sought. **If, after a grant offer has been made, the new project is delayed please inform the Clerk. Grants will not automatically be carried forward to the next financial year.**
- Approved grants will be paid in the second half of the financial year which ends 31st March 2019, on receipt of copies of paid invoices.
- A copy of your organisation's latest financial accounts and your budget for 2018/19 must accompany your application.

Completed application forms should be returned **by 31st May 2018**
