

FPCCC Background

The First Presbyterian Church established the Child of Care Center as a mission to the community in 1994. It was founded to utilize the church's blessing of abundant space and resources in the service of infants and toddlers, especially those of low-income and at-risk situations. The CCC is a "mission" in the sense of embodying the love of God rather than explicitly teaching children the faith and practice of this church.

The CCC is located in downtown Bismarck near many businesses. Although many of our families are employed by these downtown businesses, the CCC serves children and families in the wider Bismarck/Mandan area.

Funding Vision

To provide a safe playground that will provide the children with potential for cognitive, social, and emotional growth. Play is an important vehicle for developing critical cognitive and social skills. We have found equipment that is developmentally appropriate to provide these type of skills for children up to the age of 5. In order to purchase the play equipment, we need your generous donations.
