FIRST RACE: Adelanto Grand Prix in 1998

FAVORITE TRACK: *Hmm that's a tough one. It would have to be between Competitive Edge and Milestone*

CURRENT RACE BIKE(S): 2012 RMZ450 and 2013 RMZ450

WHEN DID YOU START RACING WITH ARX?

I have been racing with ARX since 2010

WHAT DO YOU LIKE MOST ABOUT ARX? *What I like about ARX honestly is the people you meet and the atmosphere in the pits. Usually racing involves cut throat racing and no one willing to help you when you need help. That's not the case with ARX. If you are in trouble everyone is willing to help you and I love that. This group of riders is genuine and loves the sport and want to share that passion. Just such a great organization and we always have fun.*
