The SHARD pyramid

The City of London is not part of the UK. It is a sovereign corporation often referred to as the 'Jewish Vatican'. It sets atop the ancient Roman settlement of Londinium. At the center is the Bank of England that controls the world governments, currencies and world monarchies. At the core of this layout, the Bank of England configures the MOLECH horned Owl with a wingspan depicting a Menorah. But it is not in honor of the Biblical GOD YHWH, but Lucifer their 'light bearer'. It is in line at the 33rd degree from the Royal Observatory 1776 pyramid ley-line that is connected to 2016, the Year of Light 5776.
