Terms and Conditions

Contractor cannot guarantee any cracks or Spalding to new or existing concrete, but does guarantee that he will use a gravel base that has been tamped. Contractor will use 6” wire mesh. Contractor will use a 6.5 sack concrete mix, which is a better than average concrete. Contractor will make all necessary joints in concrete by using these steps one can assure a good concrete job, but cannot guarantee

- General contractors, banks, investors, house flippers, and non house title holders must pay for complete garage on start day
- If during removal of garage it is discovered the old garage floor is poured over a older garage floor there will be an additional charge included for a second floor removal which will include a increase of stone base for new garage (\$200 single car)(\$400 two car)
- Contract includes siding from one of 13 colors of Alside Conquest line (other brands and colors will be a up charge)
- Contractor owns all extra materials
- Contractor shall receive all payments upon each completion of each phase of project
- Please make sure all funds are available and transferred from the proper account prior to starting (surcharges will be applied for late payments)
- \$25 surcharge per day for any payment not made on time
- Final payment shall be paid upon completion and cleanup of each job (not after final inspection, because many cities cannot come out after garage is built because of shortage of staff, training days, over booked, city meetings or because they are using a private inspection company's)
- no payments shall be withheld for damage done to neighbor's property (contractor has insurance and is fully capable of handling the problem)
- we are licensed and bonded with each city, which assures that we will handle complying to final inspections
- Credit card payments shall be subject to a 2% service charge
- If a tree stump is within 2'ft of new garage foundation a \$300 stump removal will be added (this also applies to partial ground stumps that have to be finished after old concrete is removed)
- Driveways will be swept and dirt scraped off, but will not be power washed
- Electrical packages will be handled on a separate contract
