# WONDERBOWS

introducing...the exciting new **NECEDAH**  
for bow hunting the X26—\$49.<sup>95</sup>

This handsome bow, fittingly named "The NECEDAH", to commemorate the famed Wisconsin bow hunting spot, was designed explicitly for demanding shooters who know what they want. Here, *quality and performance* are prerequisites, along with a price that will entice. The Necedah is light, short and fast—55-inches—just right for shooting from the blind or out of a tree. Outstanding features are its semi-pistol grip, contoured thumb rest and benge' riser. Note that the cinnamon color glass face and back blend with the out-of-doors. Available right or left hand in draw weights 35-40-45-50-55 at 28"; nylon served Dacron bow string (No. S71-55") No. X26-55". Each.....\$49.95

Shipping wt. (1 lb. 8 oz.)

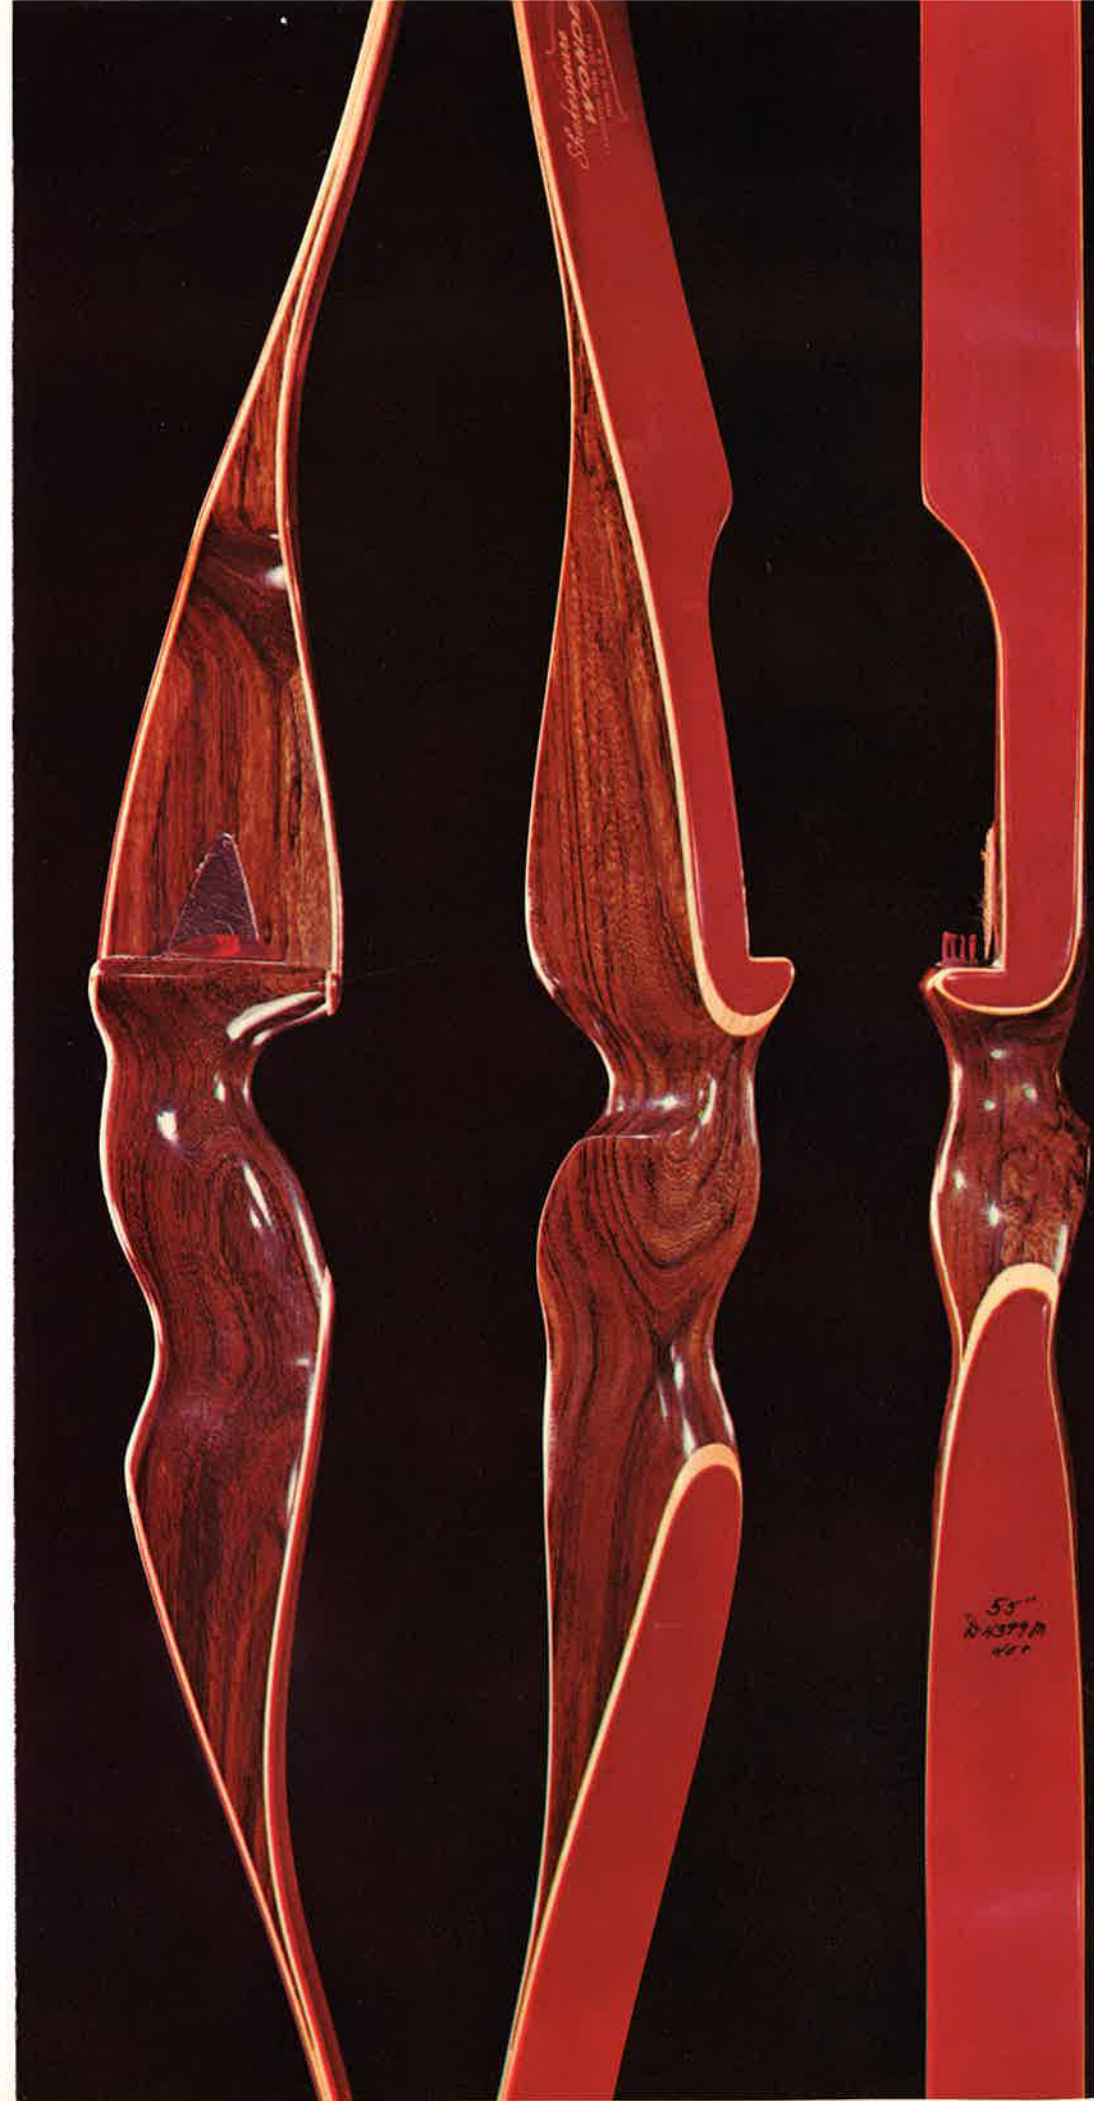

Recommended Fistmele 7" from face.

**LAMINATED WONDERBOWS  
ELEGANTLY MADE  
FOR TOURNAMENT SHOOTERS**

#### NEW PISTOL GRIP

More comfortable, with "steady-lock" feel, and just the right pressure point every time to give holding balance.

#### SHELF—PLATE—REST

Gentle shelf slope, horizontal feather rest and Teflon plate allows the use of plastic vanes without special adjustments.

#### NEW BOW CASE -L37

Padded, soft brown leather-like material, with zippered accessory pocket. Comes as no-charge accessory with No. X10 bow.

**The X10—\$115.00.** Here's archery elegance, blending classic beauty with good functional design. Field-testing members of the P.A.A. (Professional Archers Association) call this beautiful bow *the fastest ever!* It is balanced to perfection with weighted riser of exotic Rosewood (hand rubbed luster) from South America. The face and back are ivory. Handle is semi-pistol grip type for straight or bent wrist shooting styles. New curved arrow shelf and horizontal feather rest with Teflon plate allows use of plastic vanes without adjustments. Comes with deluxe padded bow case.

**No. X10-66"** (Right or left hand) in draw weights 30-35-40-45 lbs. at 28", with Dacron string (S71-66"). Each.....\$115.00

Shipping wt. (2 lbs. 11 oz.)*

**The X15—\$85.00** A full working recurve, all *new* in design with pistol grip, thumb rest and Bubi-riser. 2-inch limbs for maximum stability; 7" sight window and long lasting feather rest and exclusive arrow plate of clipped calf hair.

**No. X15-66"** (Right or left hand) in draw weights 30-35-40-45 lbs. at 28". With Dacron bow string (No. S71-66"). Each in cloth bow case.....\$85.00

**No. X15-69"** Special order, 6 weeks delivery. (Right or left hand) in draw weights 30-35-40-45 lbs. at 28". With stranded Dacron bow string (No. S71-69"). Each in cloth bow case...\$85.00

*Recommended Fistmele 7" from face.  
Shipping wt. (2 lbs. 9 oz.)*

# WONDERBOWS

**No. X15.** Above, 69" model designed primarily for tournament use; also for hunters who draw 30" or more. 66" model is better all 'round bow but also suited for tournament shooting.

**No. X10** at left, specially crafted for tournament shooting.

# Shakespeare

**The X16—\$59.95.** Here's quality workmanship in a bow surprisingly low in cost. This 66" full working recurve model has a semi pistol grip handle with contoured thumb rest. Designed with the serious shooter in mind, it's fast enough for hunting, yet it has great stability. As for prestige, its owner can be proud to string it up—anywhere. Handle riser is exotic benge; back and face is ivory white Fiberglas. Has full view sight window, shock absorbing arrow rest, and arrow plate of calf hair.

**No. X16-66"** (Right or Left hand) in draw weights 30-35-40-45-50 lbs. at 28" with Dacron string (S71-66"). Each in cloth bow case..... \$59.95

*Shipping wt. (1 lb. 12 oz.) Fistmele—6 7/8" from face.*

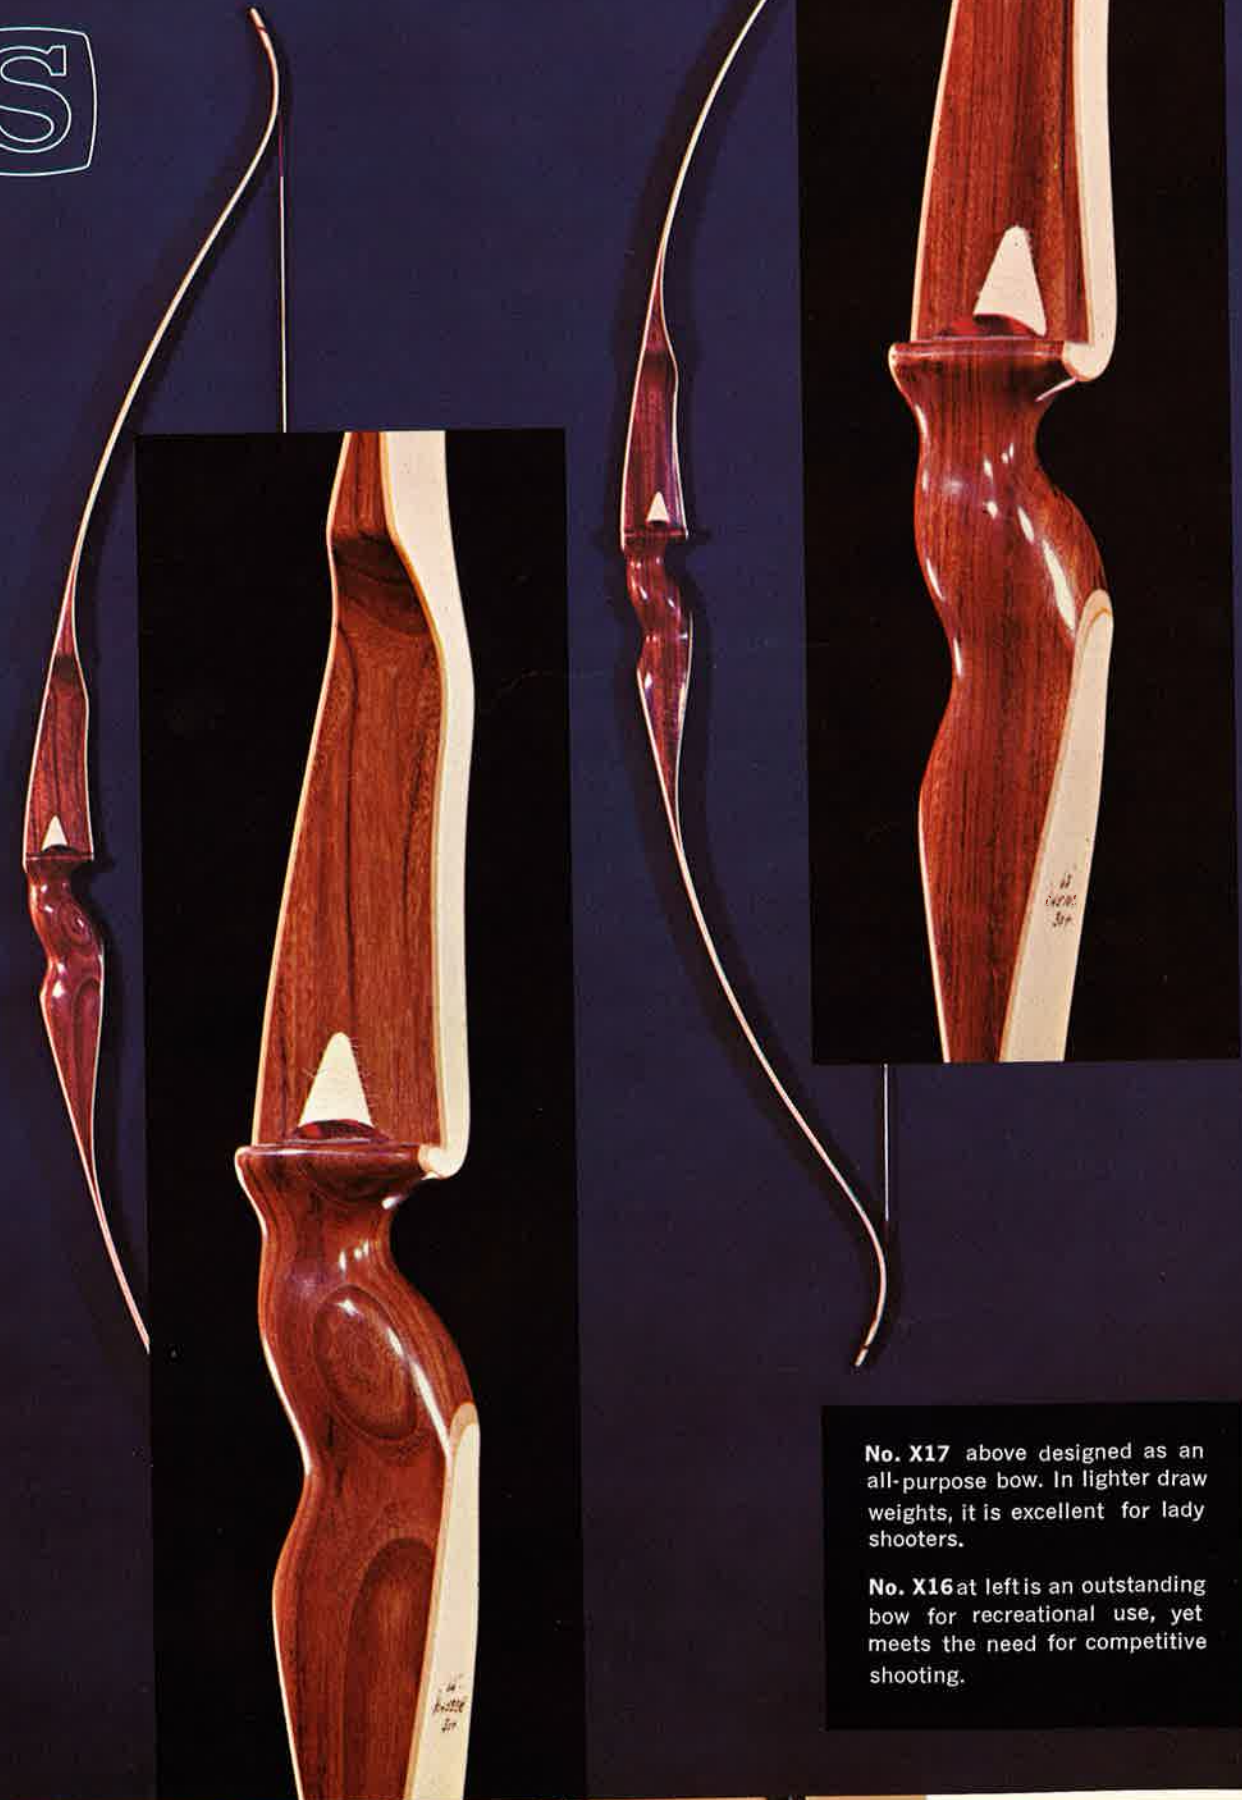

**The X17—\$59.95.** This bow was designed to be the finest all-purpose bow on the market for the price. Extremely fast, it is consistently accurate and stable to shoot. Has top quality polished Benge' semi-pistol type handle with a thumb rest, clipped calf's hair arrow plate and vertical feather rest. Has ivory white face and back. This 62" bow comes in the lighter weights where its unusual speed at shorter draw lengths makes it an excellent competitive bow for women. Available in right or left hand. Draw weights 30-35-40-45-50-55-60 lbs. at 28" Dacron string (S71-62"). In cloth case.

**No. X17-62"**. Each..... \$59.95

*Shipping wt. (1 lb. 7 oz.) Fistmele: 6 3/4 inches from face.*

**TIC-TAC-TOE IS FUN!** For this family game, nine inflated balloons are placed in three rows of three on a regular target. A nail can be used through the lip of the balloon to secure it to the target. Shooters can be divided into two teams. Each participant gets one shot at the balloons, then moves to the back of the line. The team breaking three balloons in a straight line (regardless of the number of shots taken) is the winner.

# WONDERBOWS®

**No. X17** above designed as an all-purpose bow. In lighter draw weights, it is excellent for lady shooters.

**No. X16** at left is an outstanding bow for recreational use, yet meets the need for competitive shooting.

Archery, one of America's fast growing sports, can be fun and a rewarding physical fitness activity as well. Many families find archery a wonderful way to achieve family togetherness. For healthy outdoor recreation it's hard to beat archery—the romantic sport of the ages.

## SHAKESPEARE WONDERBOWS

**The X22—\$35.00.** Here is truly an outstanding value in the Shakespeare lineup. Its modest price puts it within reach of almost any person who wants to own a fine hunting weapon. This 60-inch full working recurve bow is fast, stable and as accurate as many customized tournament specials. It has expensive appointments. Outstanding are its vertical feather rest and calf hair arrow plate; full sight window, also exotic polished riser of cherrywood.

**No. X22-60".** (Right or Left hand), draw weights 25-30-35-40-45-50 lbs. at 28", with Dacron bow string. (S71-60"). Each...\$35.00

Shipping wt. (1 lb. 5 oz.)  
Fistmele—6¾" from face.

**The X24—\$24.95.** A serviceable, economically priced semi-working recurved bow, designed to stand up under gruelling conditions and hard usage. The X24 is excellent for the serious archery beginner; it is also recommended for school, camp or recreation programs. This 60" laminated bow has a comfortable contoured maple handle with full view sight window. Fiberglass face and back are permanent red.

**No. X24-60"** (Right hand only) in draw weights 25-30-35-40 lbs. at 28". Comes with Nylon served stranded Dacron bow string (S71-60"). Each.....\$24.95

Shipping wt. (1 lb. 2 oz.)  
Fistmele, 6½" from face.

**No. X22** Above, is ideal as a man's hunting bow; or in lighter draw weights, for the serious-minded lady shooter.

**No. X24** is recommended for school, camp, recreation uses, and beginners.

## SOLID FIBERGLAS\* BOWS

**No. B1 Hunter—\$19.95.** A service-giving, recurved bow that is built to stand up under the rigors of hard hunting usage, field or target shooting. 55-inch length makes it easier to handle whether stalking, still hunting or in the blind. Recurve design provides speed, yet allows the hunter to draw smoothly and easily and provides non-recoil shooting performance. Molded in camouflage charcoal with center shot sight window, decorative leather grip and precision-machine carved nocks for consistent string alignment. With stranded Dacron bow string, (S71-55"). (Right hand only). Available in 35-40-45-50-55-60 lb. draw weights at 28". Each ..... \$19.95  
*Recommended Fistmele: 6½" from face. Shipping wt. (1 lb. 7 oz.)*

**No. B1-C Hunter—\$19.95.** Same as No. B1 Hunter above except in camouflage finish. 45 pound weight only (not illustrated). Each ..... \$19.95

**No. B12 Omni-Bow—\$16.95.** A 64" glass fiber bow designed to shoot like an expensive bow with none of the cost, care and upkeep. The working recurve gives the versatile B-12 a smooth draw and maximum cast, making it perfect for hunting, target or stump shooting and bow fishing; also recommended for instructional archery programs. Has exceptional features such as a full 6-inch sight window, a new comfort contoured semi-pistol grip with built-in arrow plate; also machined nocks for the most accurate string alignment. Comes with Dacron string (S71-64") double looped. The rich looking B12 is epoxy finished in metallic copper tone. (Right hand only.) Available in draw weights 20-25-30-35-40-45-50-55 at 28". Each ..... \$16.95  
*Recommended Fistmele: 7" from face. Shipping wt. (1 lb. 9 oz.)*

**No. B3 Sharpshooter—\$12.95.** Versatile general purpose 60-inch straight bow recommended for the starting adult and teen-age archer. Popular with schools, camps, and clubs for special purposes. Brilliant red with new white semi-pistol grip handle for accuracy shooting. Has stranded Dacron string, (S71-60"), double looped. Available in draw weights 20-25-30-35-40 lb. at 28". (Right hand only). Each ..... \$12.95  
*Recommended Fistmele: 7" from face. Shipping wt. (1 lb. 2 oz.)*

**No. B8 Rocket—\$9.95.** Popular 56-inch recurved bow ideal for hunting, field and general purpose use. Excellent for the value minded buyer. Finished in brilliant green with new white plastic semi-pistol grip for right or left hand shooting. With Dacron bow string (S71-56"), double looped. Available in draw weights 20-25-30-35-40-45 lb. at 28". Each ..... \$9.95  
*Recommended Fistmele: 6½" from face. Shipping wt. (1 lb. 2 oz.)*

**No. B9 Fury—\$7.95.** Here's the universally recognized BIG VALUE in the line-up of Shakespeare glass bows. A big hit with the kids because it's a working recurve that shoots with all the precision of Dad's larger size hunting bow. Any beginner from 8 to 14 years old will enjoy the Fury. 50-inch length, with white plastic dual "viewover" grip for right or left hand use. Braided Dacron string (S71-50"). Draw weight 18 lbs. at 22". Each ..... \$7.95  
*Recommended Fistmele: 6" from face. Shipping wt. (14 oz.)*

**No. B10 Will Scarlet—\$4.95.** Not a toy! This 48-inch model is a real glass fiber bow that will be the delight of the young archery enthusiast. Makes an ideal birthday gift. Attractive red fiber glass finish has white plastic grip, matching white plastic nocks. White braided Dacron string is double looped. Draw weight 12 lbs. at 18". No. B10—(not on display card). Each ..... \$4.95  
*Recommended Fistmele: 5" from face. Shipping wt. (9 oz.)*

**NEW DISPLAY PACKAGING ON FIBERGLAS BOWS**

Bows are mounted on two-colored display cards. Makes Merchandising, Handling and Store Display Easier.

### How to String a Bow

"Step Through" method of stringing a bow is shown. First, lay curve of lower limb over left ankle. Holding string in left hand, place handle of bow on right thigh, keeping knee slightly bent. Lay the right hand in the curve of the top limb—palm open.

Keeping left leg stiff—raise left heel off ground—pushing forward with the right hand and at the same time, lock the right knee so that bow bends naturally. Slip the top of the string in place and relax—slowly. Check to see that the string is seated properly before drawing the bow.

## RECOMMENDED ARCHERY TACKLE FOR INSTRUCTIONAL PROGRAMS

This recommended assortment of equipment can be used in teaching programs with 12 to 48 students. However, most instructors prefer that each student use his own equipment.

## WONDERSHAFT SELECTION CHART

The chart below should be used in selecting the proper size glass fiber WonderShafts. However, the cast and degree of center shot in the design of a bow may cause variations and therefore the chart may not apply in all cases.

Each WonderShaft is marked with a proper letter. To obtain the proper spine weight to draw length, find the bow weight desired in the left hand column, then trace to the right to the column headed by the draw length desired. The letter shown should be the size WonderShaft needed. REMEMBER: Add one inch to draw length if the shaft is to be used for broadheads.

BOW WEIGHT IN POUNDS	LENGTH IN INCHES							
	24"	25"	26"	27"	28"	29"	30"	
20/25	—	—	—	A	A	B	B	
25/30	—	—	A	B	B	C	C	
30/35	—	A	B	B	C	C	D	
35/40	A	B	B	C	D	D	E	
40/45	B	B	C	D	E	E	F	
45/50	B	C	D	E	F	G	H	
50/60	C	D	E	F	G	H	—	
60/80	—	—	—	G	H	H	—	

Note—Cutting and finishing instructions are supplied with each dozen of No. A25-NP arrows and A25-S shafts. Order broadhead adapters (M25-B), nock inserts (M25-N) or target points (M25-T) by shaft size. See page 17 for these accessories.

## ACCESSORIES

**TW24 WONDER TARGET.** Easy to carry, set up, non-messy, weighs only 10 lbs. Forms easel stand. Holds arrows from bows up to 60 lbs. Size 25" x 25" x 3 1/2". Ideal for school use, backyard shooting. Each. .... **\$12.95**

**LEATHER GOODS**

The Shakespeare line of quivers, gloves, tabs and guards is unsurpassed for quality and value. Choose the right leather item to serve your needs or fit your price range. See facing page for complete description of each item.

**QUIVERS**

**L69**—Deluxe Back Quiver—Soft, Elk tanned moccasin leather. Back quiver, full zipper pouch, knife, pencil and file pockets. Also has handy accessory straps and features the new "no struggle" harness that slips over the arm instead of over the head. Ea. **\$14.95**

**L67**—Back Quiver—Two-tone; holds plenty of arrows and has full zipper pouch. Made of top grain cowhide to last. Ea. **\$9.95**

**L66**—Deluxe Side Quiver—Soft, Elk tanned moccasin leather tournament type side quiver. Has full zipper pouch, pencil pocket, cigarette pack holder and score card clip. Belt clip and adjustable snap straps. Ea. **\$7.95**

**L65**—New "quick-draw" type quiver of top grain leather holds arrows conveniently at archer's side. Fits on belt; full zipper pouch, pencil holder, score clip, and handy "Tie-down" thongs. Holds up to 12 arrows; arrow divider. Ea. **\$7.95**

**D200**—Back Quiver—An economically priced back quiver of leatherette, trimmed with fringed cowhide; knife sheath, and "Indian beaded"; holds 12 arrows. Ea. **\$5.95**

**L62-E**—Elk Side Quiver—Ideal for the recreational or target archery. Light, roomy. Belt clip and adjustable straps. Ea. **\$3.95**

**D202**—Back Quiver—Leatherette—just right for the neophyte archer. Western style with knife pocket and divider to form three arrow compartments. Ea. **\$3.95**

**D214**—Back Quiver—18" Economy model; leatherette back strap and yolk. Ea. **\$2.95**

**L59**—Side Quiver—Outstanding! 18" leatherette with belt clip; easily holds 12 arrows. Ea. **\$1.95**

**L56**—Side Quiver—16" leatherette, holds 12 arrows. Belt clip for easy removal. Ea. **\$1.25**

**L56R**—Side Quiver—16", red leatherette; holds 12 arrows. Belt clip. Ea. **\$1.25**

**GLOVES AND FINGER TABS**

**D503**—Deluxe Glove—Closed ends. Top cowhide, adjustable elastic strap. Xlg., Lg., Med., and Sm. sizes. Ea. **\$2.00**

**L52**—Single Seam Glove—Made of soft cowhide; needs no breaking in. Very popular with bowhunters and archery classes. Elastic "snug fit" adjustable wrist strap. Available in XLg., Lg., Med., and Sm. sizes. Ea. **\$1.75**

**D504**—Tapered Glove—Brown top grain leather; has tapered finger ends. Adjustable elastic wrist strap. In XLg., Lg., Med., and Sm. sizes. Ea. **\$1.50**

**L50-E**—Elk Tapered Glove—Top grain cowhide glove; with adjustable elastic wrist strap. In XLg., Lg., Med., and Sm. sizes. Ea. **\$1.50**

**D502**—Economy Glove—Narrow end, of real leather, 2-tone styling, elastic wrist strap. In Lg., Med., and Sm. sizes. Ea. **\$1.25**

**L38**—Cordovan Tab—A Marshall style, backed cordovan tab; adjustable elastic strap for the finger. Ideal for the bowhunter as it can be used over a pair of warm gloves. Popular with the competitive archers. Ea. **\$1.25**

**L46**—Economy Tab—Double thickness, top grain cowhide—Marshall style tab with slick surface. Available in Lg., Med., and Sm. **.35**

**ARM GUARDS**

**D222**—Hunter Armguard—Three straps, with elastic bands for easy adjustment; two steel support bands. Ea. **\$2.50**

**D223**—Wide Armguard—Most popular; steel support band; two adjustable elastic straps. Ea. **\$1.95**

**L43-E**—Wide Armguard—Elk tanned leather; support band; two adjustable elastic straps. Ea. **\$1.95**

**L42**—Tournament Armguard—Especially designed for the competitive archer; light and narrow; two straps with steel band. Ea. **\$1.95**

**L41**—Economy Armguard—Good quality, two elastic straps and a steel support band. Ideal for the classes or beginning archer. Ea. **\$1.00**

**BOW CASES**

**L37**—Deluxe Padded Bow Case—Will hold any bow to 69". Features a full zipper accessory pocket. Ea. **\$10.00**

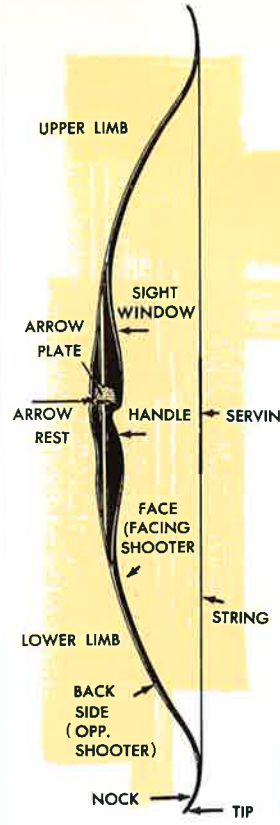

**L40**—Cloth Bow Case—Soft cloth trimmed bow case, fits any bow to 69"; leather reinforced end. Ea. **\$1.75**

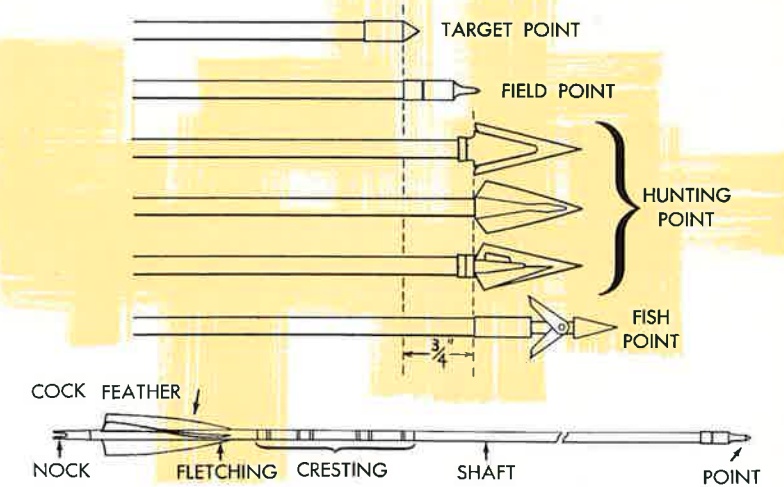

**CHOOSING A BOW**

The most important bit of advice that can be given to a new archer when selecting a bow is: "Don't Overbow." Generally, a bow five pounds heavier in draw weight than one that can be easily drawn is recommended. It is always easier for a new archer to start with a bow that is easy for him to handle, and as accuracy and confidence are gained, movement can be made to a heavier bow. Remember, a heavier bow will not shoot straighter, it will just cast an arrow further. The chart shown below gives draw weight recommendations for different types of shooters. For bow hunting, be sure to check state game laws for minimum draw weight requirements.

	20 lb. & under	20 lb.	25 lb.	30 lb.	35 lb.	40 lb.	40 lb. & over
Youngsters (6-12)	X						
Teens (girls)		X	X				
Teens (boys)		X	X	X			
Ladies			X	X	X		
Men (target)				X	X	X	
Men (Hunting)							X

**CHOOSING ARROWS**—Although the 28" arrow length is an average for adults, requirements for needed arrow length can be gauged by holding a yardstick between your outstretched finger tips with the end of the yardstick touching the middle of the chest. Add 1/4-inch to the length shown on the yardstick for proper arrow length.

# INTRODUCING

the  
STABILIZED

*Trident*

by  
SHAKESPEARE

STABILITY • SMOOTHNESS • STYLING

The X-25 . . . for its price, the ultimate in shooting stability, smoothness and smart styling. Our new all purpose **Trident**, a comfortable-handling 64 inches, is fashioned from top grade fiber glass and laminated wood. The luxurious handle is custom contoured of northern walnut and maple; the fiber glass face and back are permanently finished in a sandalwood color. Quality appointments include a shock-absorbing arrow rest, clipped hair arrow plate and dacron bow string (NO. S71-64). The X-25, available in right or left hand models, comes in draw weights 25-30-35-40-45 lbs. @ 28 inches .....\$39.95
