

Good morning!

Today's clip is an off-ball screen play. The call in the game was a no-call. The C asked if it could/should have been a double foul. Just take a look and think about it. Frame by frame and slo-mo doesn't help a ton....but even then, we do not have that luxury in a game, we have real time! We have to let the 'mind's eye' slow it down for us.

Take a look [here](#).....

Hopefully you can talk about this with your chapter/crew/spouse!!?? It was definitely ugly.....did the screener do everything legally?

No more input here.....enjoy/think about this one!

Have a great game tonight.
