The Middletown Community Foundation created the Legacy Society in 2019 to recognize those who have remembered the Foundation in their estate plans.

Planned Giving is one of the most best ways to ensure the longevity of any organization. A strong planned giving program is essential for successful, long-term operations. A planned gift is also one of the most profound ways that a donor can give, and one that the Middletown Community Foundation finds humbling. Thank you.

A Message from the CEO & Board President

In 2020 we witnessed a pandemic – a catastrophe that affected everyone, everywhere in one way or another. In other words, we were all in it together. True to form, our Members and donors proved themselves to be generous and compassionate.

As you will see throughout this Annual Report the Middletown Community Foundation was actively involved in lending a helping hand whenever possible to our communities during the Coronavirus pandemic. In fact, we mobilized quickly to provide immediate relief in the aftermath of the shutdown. Our Board of Trustees expediently approved $50,000 in seed money to set up the Coronavirus Emergency Fund. Then our Members and donors helped us grow that amount by contributing $90,000 more. We raised a total of $140,000, which was quickly allocated to aid area families and small businesses that were most impacted by the pandemic.

As we all weathered the storm of Covid-19, the Foundation was able to operate with as much normalcy as was possible during these circumstances. Like the rest of the world, we quickly learned what Zoom was, and fully embraced it. We moved our Scholarship interviews to Zoom. We hosted our Annual Meeting via Zoom. We held our board meetings and committee meetings via Zoom. Through it all we persevered. We are pleased to say that the Foundation ended 2020 with increased assets of more than forty million dollars.

In 2020 the Foundation unveiled a new scholarship, the Adult Learner Scholarship, created for adults who wish to obtain a certificate or training that will help them secure a better job or move up the ladder at their current place of employment. The Middletown Community Foundation worked directly with community partners whose focus is workforce development to create this scholarship and we are one of the only Community Foundations in Ohio offering such an opportunity.

Additionally, an Economic Development Committee was established in 2020 comprised of local government and community leaders. The charge of this committee was to identify area economic development needs to better support growth in our communities. This, along with workforce development initiatives, is in direct alignment with the 2019 Strategic Plan.

Also, in conjunction with our Strategic Plan, the Foundation made significant improvements to the Competitive Grant Process. The Grant Process Review Committee, an ad hoc committee created to thoroughly review and revise the grant process, worked diligently to identify areas within the program that could be enhanced for greater impact. Then our partner organizations were educated about the changes via several training sessions. The implemented changes have already produced positive results including larger grants and greater community impact.

Looking back, it’s hard to believe that so much was accomplished in 2020 amid so much uncertainty. As we look ahead, the future is bright. We at the Middletown Community Foundation look forward to working together with our Members, donors, and the communities of Franklin, Madison, Middletown, Monroe, and Trenton as we continue our journey together.

With deepest regards,

Traci Barnett  
Executive Director

Education

Education has always been a focus for the Middletown Community Foundation. In 2020, the needs of school districts in our service area were greater than ever.

While still able to support the schools through the Competitive Grant program and the READY! program for early childhood education, the Foundation also stepped up to fill gaps created from remote learning. The largest issue was the immediate need for wifi and technology accessibility across all the communities in the MCF service area: Edgewood, Franklin, Madison, Middletown and Monroe.

In 2020 the Foundation awarded $9,112 in education related grants through the Competitive Grant program. An additional $268,269 was awarded to education initiatives through the READY! Fund. Emergency grants were awarded to local schools through the Coronavirus Emergency Fund totaling $39,858.38.

Total Education support in 2020 = $317,239.38
