DESCRIPTION: Here is a nice old traditional bow that is still in great shape. It is not labeled but does not appear to be homemade. Thick narrow limbs. Whiteish-tan glass on the face, black on the back. It has no delamination; no cracks; limbs are straight. Tips are in great condition. No drilled holes. No chips, dings or cracks. No stress lines or crazing. A few scratches, blemishes and scuffs here and there. Overall, this is a cool old bow in excellent condition for its age.

Note: the shelf rest and side plate are tan hair-on leather but appear white in the pic.
