Course Overview:

No skill set is complete without repetition. SKILL BUILDING helps you make the skills you learned in DOC PRO ONE muscle memories you can call on whenever you need them. We supply the materials and you complete the task. By working with materials that are not associated with your project you increase the likelihood that you can focus on the skillset in question and not be distracted by other factors.

SKILL BUILDING meets 2 hours a week for 13 weeks and includes use of film, sound, editing & office equipment.

- **Current or previous enrollment in DOC PRO ONE is a requirement.**
