

PILLARS OF THE SACRED SPACE

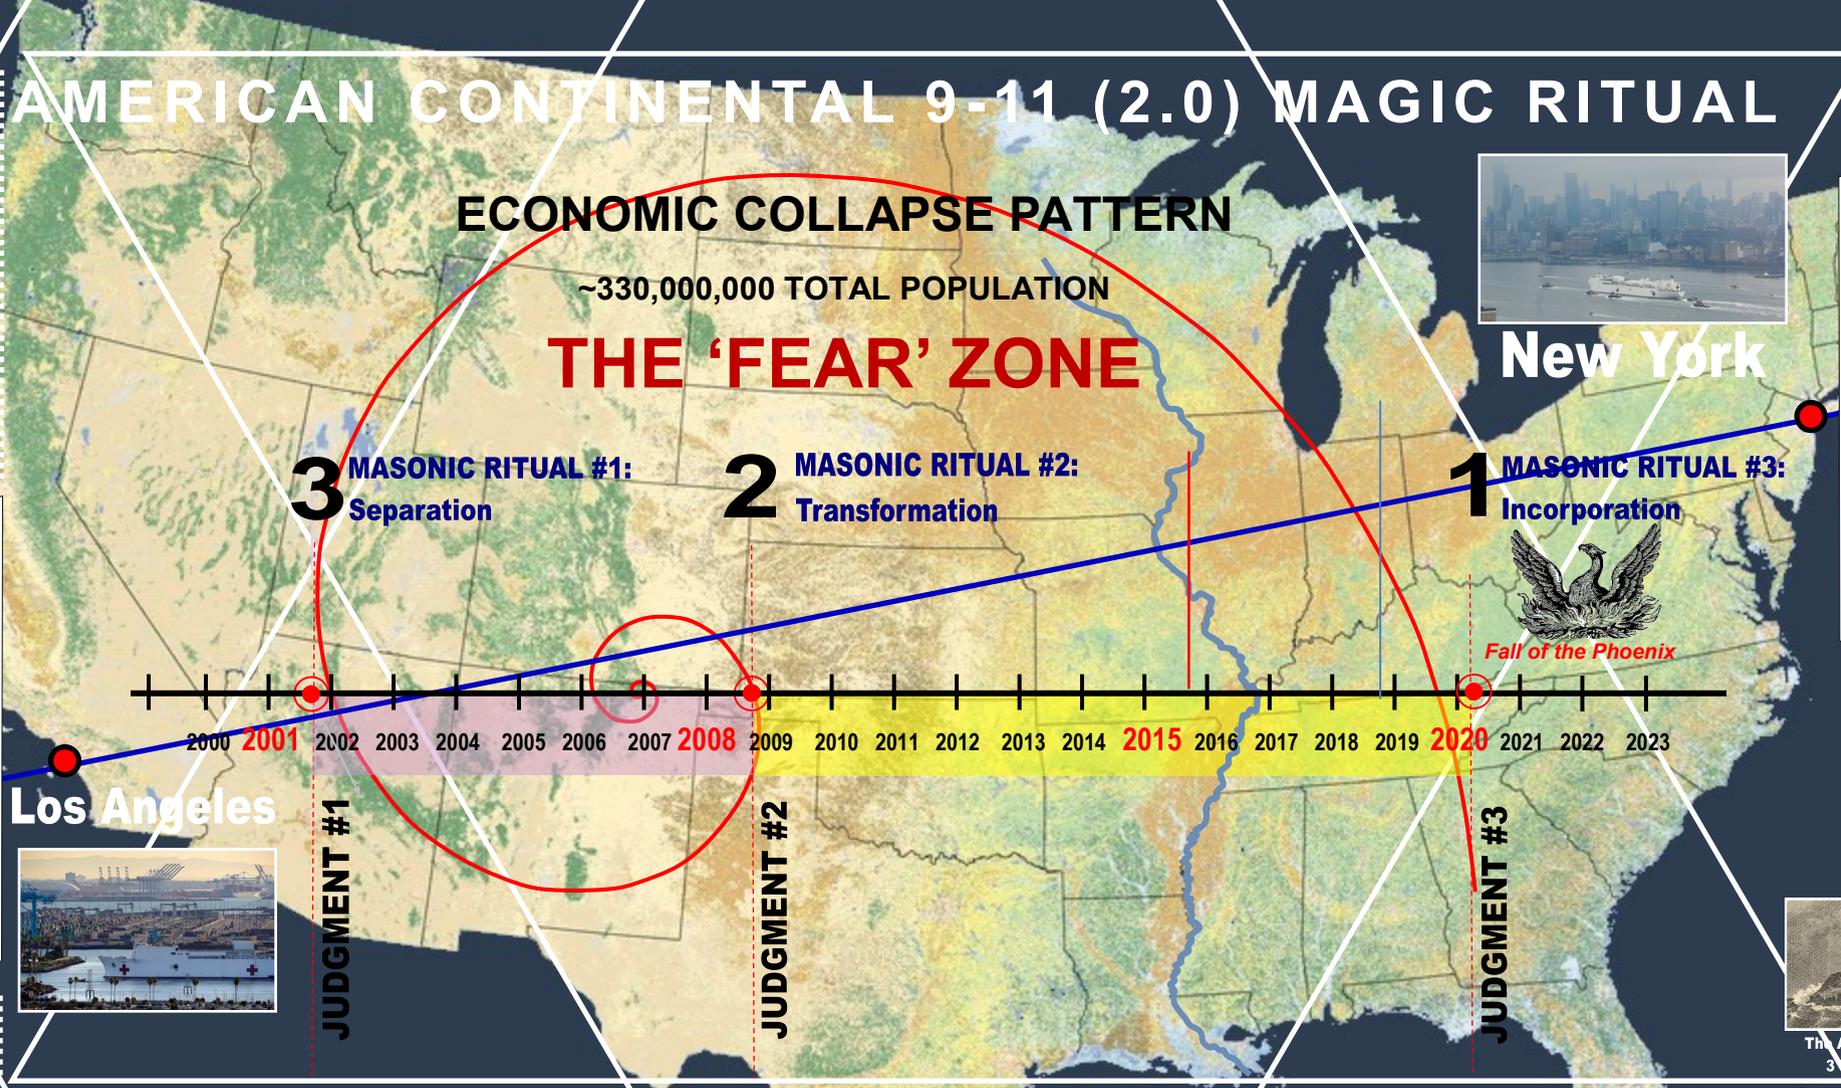

What this illustration strongly suggests is that the planned pandemic outbreak of the COVID-19 virus is in preparation for a nation-wide Luciferian and Kabalistic ritual what will have the whole nation of the USA implode as the metaphorical Phoenix to be taken down and burned so that out of its ashes, the new Phoenix can emerge. It is a well-planned 3-2-1 collapse countdown since September 11, 2001 that began with the twin Towers of 9-11 being demolished. One is now seeing the 3rd collapse of the final 9-11 (2.0) with not just the locality of Ground Zero 'sacred space' but now with the entire USA and the greater world at large. The 2nd orchestrated collapse was in 2008. What is possibly significant with this year span? Interestingly, the 2001-2008-2020-year collapses are in approximate phi ratio of time that confirms, at least mathematically a design. On 9-11, the 2 Towers were like 'tuning forks' that resonated the energies of those within the 'sacred space' as it channeled the fear and horror of the human sacrifices that died within that time, space and place. The magic ritual captured the energies of the sheer horror, terror and fear of those that with the blood spilt produced the end effect by harnessing such energies for the magic ritual to take its effect nationwide and then globally. This study strongly suggests that this same Game Plan is in play due to this planned COVID-19 release of the virus, etc.

THE FALL OF THE AMERICAN PHOENIX

This study is wanting to point to one's attention to the inconspicuous tell-tail layout seen in the mirrored image of the 2 military hospital ships deployed in the 2 gates or portals of the USA, in Los Angeles and New York with the names Mercy and Comfort, respectfully. The 2 'Ship' Pillars that are then positioned and/or are being construed as the same 'tuning fork' that will garnish the collective 'fear' of the locked-up masses of the nation to be funneled through their Kabalistic Luciferian magic at a certain number and symbol of time and date to be determined.

THE 'FREEDOM TOWER'

It is a 'hidden Pyramid complex' like Giza dedicated to Osiris/Horus/Nimrod to be 'resurrected'. It is 8 sided OCTAGON shape in the middle; derived by 2 equal squares. (Masonic) It also has the inverted and mirrored elongated HEXAGRAM design. Height with Antenna = 1776 Feet. The renamed 'Freedom Tower' and the tallest building in the Western Hemisphere. The symbolic cornerstone of One World Trade Center was laid in a ceremony on July 4, 2004 that included an eye configuration or Eye of Horus. In 2012 was the 236th year anniversary since 1776, 13 cycles of time.
