Accessing
Graduated Students
(Placement Report)

Graduated Students

After the rollover (promotion of students) occurs, students coded as having graduated:

- get transferred out of their high school to a Graduated Students container (therefore become inactive)
- are assigned a grade level of 99
- have their enrollment status changed from a 0 to a 3

Graduated Students

To access them in Graduated Students, you must:

- **have been granted access to Graduated Students**
- **type / before any searches for them since they are inactive students**

Graduated Students Fields

Fields on the student record:

- **ClassOf - Stores the calculated graduation class year (ie, 2016)**
- **Graduated_SchoolID – Stores the school number from which the student graduated**
- **Graduated_SchoolName – Stores the name of the school from which the student graduated**
