

Every human attempt to create a perfect world, a Utopian world, without God will always fail and will result in unspeakable suffering. Whether it's Communism, National Socialism, the 'New World Order,' or the Islamic dream of a worldwide caliphate, totalitarianism inevitably comes to ruin after inflicting great misery. How can it be otherwise? The human heart is "desperately sick" (Jer. 17:9). Therefore every attempt of proud humanity to assert its independence from God—from the Tower of Babel to the final brief reign of Antichrist—will meet with humiliating defeat. When "the kings of earth conspire against the LORD and His Christ," saying "let us break their chains and throw off their bonds, He who sits in heaven laughs." When He returns, the LORD's Christ (who possesses the rebellious nations as His inheritance) will "break them with a rod of iron, and dash them to pieces like a potter's vessel" (Ps. 2). All for Jesus, Richard
