CITY OF CISCO

PERMIT NUMBER: _____ **ELECTRICAL PERMIT APPLICATION**

Electrical Permits will only be issued to licensed Texas Electrical Contractors upon presentation of a valid Texas EC Contractor’s license. If a homeowner is completing their own electrical work without a valid license, they **MUST** present, as part of the permit application, proof of ownership of the property.

The City of Cisco has adopted the 2017 National Electric Code and all work must conform to that code.

Each electrical permit will require three inspections; rough in, top out, and final. When you have completed each phase of work, please contact the inspector, **Banjo Berryman, at 940-247-9640** before continuing with work.

NOTICE

Separate permits are required for electrical, plumbing, gas, and mechanical work. There will also be additional fees for inspections of work. This permit becomes null and void if work authorized is not commenced within 6 months, or if work is suspended or abandoned for a period of 1 year at any time after work is commenced. Revised plans must be submitted for city review and approval is required for any changes made after the City of Cisco issues a permit.
