TRACK & FIELD at MINNEAPOLIS HIGH SCHOOL – A BRIEF HISTORY

By Dale Leech

Track & Field, is perhaps possibly the oldest continuous sport at Minneapolis High School. Glimpses of Track competition are seen in some pictures as early as back in the 1890's. A picture exists of two boys sprinting before a large group of onlookers at the old athletic field at 1st & Rothsay streets on the area that is now the Carver Courts in Minneapolis.

No official start date has been seen for the start up of Boys Track & Field, but it seems to have been a "Spring Time" activity in place when the KSHSAA started sponsoring State Track Meets for Boys in 1911. Records of MHS Boys placing at these State Track Meets are seen as early as 1912. Girls Track & Field started up at MHS in 1967, 5 years before the KSHSAA sanctioned its first Girl's State Track Meet in 1972.

The earliest known evidence of a Track for competition is at the Ottawa County Fair Grounds where a concrete rounded corner can still be seen to the NW of the current Baseball Field. This athletic complex, known as Legion Field was in use up until the time of the new High School opening in 1961/62. The Track at the new High School was placed around the Football practice field on the hill east of the older gymnasium. This Track was later covered in Asphalt and after the Football games were moved from the Ottawa County Fairgrounds to the High School in the early 1990's, the Track was later covered by an artificial surface.

Several Invitational Track meets were held over the years at the Ottawa County Fair Grounds venue, at least into the 1950's. One of the old events, the 220Y Dash Straight-away was held there, with the start up being on the west side of the old horse barn near the river, going through the horse barn and down to the straight away on the south side of the football field. Some of the older college football fields were built in a horse shoe shape to accommodate this event.

The current Minneapolis Invitational Meet located at the High School venue started in 1973 and has been continuous since that time. Several League and Regional Track Meets have also been held at the High School Track venue also.

League competition for Track & Field for MHS has been in the SVL (Solomon Valley), NCKL (North Central Kansas), NKL (Northern Kansas), NCAA (North Central Activities Association), CKL (Central Kansas), and the NCAA 2 (North Central Activities Association) #2.

Several Individuals and Relays have earned Gold Medals for both the Boys and Girls at State Track Meets. Team State Track Meet Titles for the Boys were won in 2002, 2005, 2006 & 2007.
