

Hello, I'm Leanna,

I'm married to John, we have a beautiful boy named Oliver and a sweet Pomeranian, named Luthor.

I've been grooming about 8-9 years now. I've been at Hair of the Dog for 5 years. I went to the PetSmart academy and after that wanted to learn more so I watched lots of videos and then started working at Hair of the Dog to expand my skills and knowledge.

My favorite part of grooming is getting to see all the cute puppies. My favorite breeds to groom are Pomeranians, rottweilers, poodles, or any bully breed.

What is one piece of advice you like to offer to dog owners to help maintain the coat between grooms?

One piece of advice I'd like to offer is that if you're unsure about using the right brushes or products for your dog, just bring them in and ask us. We're always willing to help show you the right tools and proper ways to keep your dog brushed out and if you bathe your dog at home always make sure to brush afterwards!

In your opinion, what is one misconception about a groomer's job?

That it's our job to de-mat your dogs!

What makes grooming special at Hair of the Dog?

The amazing team, great atmosphere, and our clients are very special.
