

One Love Soccer Weather Policy

We don't let a little rain keep us from playing soccer. We will only cancel practice or a game in the event of a thunderstorm or if there is standing water on the fields.

If the decision is made to cancel practice or a game, we will post a notice on the front page of our website, Facebook, and Twitter. So that we can provide as much notice as possible to all of our coaches, referees, players, and their families, every attempt is made to have the decision made and the notices out by 7:00 am on Saturday or Sunday morning.

If the weather is questionable and you don't see a notice on the website, assume that practice and games will be played as scheduled.
