

Comprehensive Assessment Team

BCBA

CAREER OPPORTUNITY

Join our Comprehensive ABA Assessment Team!

Are you looking for a new challenge in your career? Are you driven by patient outcomes? Our Comprehensive Assessment Team (CAT) is designed to support our mission of providing outcome driven treatment plans for patients with autism and other related disabilities. Our CAT team assists our supervising BCBA's and RBT's by completing standardized assessments, developing balanced and comprehensive treatment plans, and working collaboratively to ensure socially significant progress for each patient. Each CAT team member works within their assigned region as well as with all other CAT team members to ensure standards and quality of services across regions. Our CAT team supports clients throughout regions our company serves including the Central Coast, Bakersfield, and the Central Valley of California.

We are looking for:

- Behavior Analysts who are kind, compassionate and support today's Applied Behavior Analysis practices.
- Behavior Analysts who communicate effectively and inspire others to provide the highest quality services possible.
- Behavior Analysts who are reinforced by completing assessments demonstrating medical necessity.
- Behavior Analysts with experience implementing comprehensive programming in an insurance funded model.
- Behavior Analysts who understand the importance of efficiency and time-management in our insurance driven industry
