

How To Shine Your Boots and Dress Shoes

What You Need:

- Shoe Polish (for best results, us Kiwi Parade Gloss)
- Cloth (t-shirts or cloth diaper work well)
- Water

How To Shine Your Shoes:

- Spread a medium-thick layer of paste polish over the portion of the boot to be spit shined.
- Allow it to dry for 5 to 10 minutes.
- Wrap a soft, clean cloth around your index finger so that it is smooth with no wrinkles. Alternately, you can use a cotton ball. Dip your finger or the cotton ball into a container of water. The cloth/cotton should be wet but not dripping.
- Buff the dried polish using a circular motion until the wax starts to become shiny.
- Still using the damp cloth on your finger, apply a fine layer of polish in a circular motion and keep on rubbing lightly until a hazy shine develops.
- Using the damp cloth keep applying THIN coats of wax, buffing them with a small circular motion.
- When the boot is highly glossed, use a clean dry short cloth or a shining brush to give it a final buff.
