

On Wednesdays, beginning January 30th through February 27th, I will be facilitating a Love and Logic course in the evening from 6:30—8:00 pm at Abiding Presence Lutheran Day School. The evening time will allow both parents to attend and work together on these techniques with your child. There is limited babysitting available—you must register in the day school office. We will also provide food (pizza and salad). This series is open free of charge to all APLC church member families.

What is Love and Logic?

Love and Logic® provides simple and practical techniques to help parents with kids of all ages:

- Raise responsible kids
- Have more fun in their role
- Easily and immediately (first use) change their children's behavior

Love and Logic is a philosophy founded in 1977 by Jim Fay and Foster W. Cline, M.D. It is the approach of choice among leading educators, parents, and other professionals world-wide.

Frances Harrelson, Love and Logic Facilitator
