

Breakdown services and Maintenance contracts from Fab Tech Wastewater Solutions!

Services offered for Missouri and surrounding states!

Breakdowns can be a serious problem in the Wastewater Industry. With fines and potential environmental dangers breakdowns are the last thing that a wastewater plant wants to experience. A lot of time breakdowns can take weeks to fix and it will be weeks before the equipment is back in service. Fab Tech Wastewater Solutions offers the solution to this problem, emergency breakdown services and maintenance contracts for Missouri and surrounding states! Fab Tech can respond faster than large manufacturers and can also fabricate any parts required to get the equipment back in service. Also as a maintenance contractor Fab Tech has the know-how and resources to be your one stop shop for preventative maintenance and repairs to lower your chance of a breakdown occurring in the first place.
