

WARRANTY

This warranty is issued by Gridiron to the customer identified in this Certificate and applies to workmanship of Gridiron installation. Subject to provisions contained herein, Gridiron warrants that during a one year period following completion of installation, no water penetrations caused by workmanship will occur inside the structure.

This Warranty does not apply to circumstances beyond Gridiron's control, including but not limited to, improper treatment of or defects in the materials used, continual submersion, damage from wind, deliberate damage, damage caused by others, or penetrations after installation is completed. All Warranty work will be performed by Gridiron. Claims under this Warranty must be presented by the customer to Gridiron within 10 days after the Customer becomes aware that a warranted condition has occurred, and within the warranted period. Time is of the essence, and failure to give notice within the specified time shall discharge Gridiron from any obligations under this Warranty. Customer acknowledges that Gridiron is not the manufacturer of the installed materials and herein agrees that all issues arising from or related to the manufacturing of the materials shall be determined finally and conclusively as to Customer, by the original manufacturer. This warranty is given as the sole and exclusive warranty and exclusive remedy against Gridiron, and no other warranties, either express or implied, including but not limited to manufacturer's warranties, warranties for merchantability or fitness for a particular purpose or purposes, are made, and any such other warranties are expressly disclaimed. There are no warranties that extend beyond the description contained in this instrument. Gridiron shall not be liable for any special, incidental or consequential damages. Customer is defined as the purchaser of the installation services.
