

# Joint Meeting posted – April 1, 2016

Wallace made a statement about the “buddy system” which refers to the City of Hampton council and school board members getting together, often...in collaboration. To quote Wallace since he’s not about hoodwinking and bamboozling us – “The relationship between the city council and the schools has never been better. We talked about not having meetings...we have something called the buddy system. We created opportunity for a city council member and school board member to have one-on-one relationship.”

One thousand one hundred forty-three (1143) days ago was the last joint meeting...February 13, 2013. At 4:26 pm today, I got an email from Hampton’s school board clerk (I signed-up for notices of meetings – Code of Virginia § 2.2-3707).

Attached is the announcement of a special joint meeting with the Hampton School Board and Hampton City Council on April 13 at 11:00 a.m. The meeting will be held at the Ruppert Sargent Building, 1 Franklin Street.

Below is the link info.

This is exactly why Wallace and members of council and the school board that support this campaign drivel need to be voted out of office. This “meeting” idea is so fresh that when you go to the link provided by the clerk of the school board you will find...

No mention what so ever. This meeting to be held during the elections shows just how phony these sitting candidates are...1143 days since the last meeting...please!

It will be updated shortly following this posting.
