
WRITING CLASS

INTRO

The month of April will consist of teaching and preparing students to be able to write an efficient essay or short story following the ACE convention rules. This will allow students to do an amazing job during convention and be ready for the future.

FEBRUARY LESSON PLAN

Pre-K and Kindergarten will still participate in musical activities such as games and music theory.

What is Writing Class:

- For lower grade levels (1st - 2nd) students will learn how to correctly write complete sentences. Eventually, students will use their imagination and write their own short stories
- For higher grade levels (3rd – 10th) students will develop necessary skills in order to write an elaborate book report as well as an essay or short story. Students will also be taught MLA and APA writing format to prepare them for ACE convention as well as college.
