

AUTOMATION INSTRUMENTATION SUMMIT

Appointment at Castello di Belgioioso (PV), 5 - 6 July 2017

Milan, March 2017 - The first international edition of **AUTOMATION INSTRUMENTATION SUMMIT**, key event for the world of instrumentation, measurement systems and related activities, is scheduled for 5 and 6 July at the historic location of Castello di Belgioioso in the province of Pavia.

AUTOMATION INSTRUMENTATION SUMMIT is the new must for operators around the world interested in knowing the industry updates, news, sharing the best solutions and offerings for products and technologies, regulatory developments and technologies to be used on the issues of instrumentation and measurement and control systems.

The event has been recognized by ISA Head Quarter as EMEA 2017, the most important ISA event.

All'evento hanno già confermato la presenza diverse aziende di settori quali Tecnimont, in qualità di Golden sponsor, ABB, Alphacon, Baggi, Banca Popolare di Sondrio, Cortem Group - Elfit, Deltafluid, Di Pietro, Emerson Automation Solutions, Endress + Hauser, Eurocontrolli, F.E.A.M., Flowserve, Fores Engineering, Giconindia, Gruppomega, Hilti, IMI Orton, Krohne, Italcontrol, Metso, Nuova Asp, Page Europa, Phoenix Contact, Precision Fluid, Rotork, Saeco, Schneider, Sensitron, Servomex, Siemens, Sigrist, Simeco, Socrate, Tecnimont, Temi Tecnologie, Valvitalia, Wika Italia, Yokogawa.

AUTOMATION INSTRUMENTATION SUMMIT will take place at the princely location of Castello di Belgioioso, where visitors will find the stands of the leading companies and participate freely in a series of conferences, we remember especially one dedicated to the industry 4.0.

The reference magazine of this event is **AIS ISA ITALY SECTION Magazine** published by Editoriale Delfino in Milan, while the Regione Lombardia, accompanied by the Chamber of Commerce of Pavia and other industry associations like ANIPLA and ANIMP, has patronised the event.

Several links will shuttle between the Castle and the Porta Garibaldi Station in Milan, with a free bus.

Description of Castello di Belgioioso

It is believed to have been the initiative of Galeazzo II, who had it built on the extensive landholdings of the Visconti family in the second half of the 14th century. This historic monument now offers a stunning setting for public and private events, including weddings and company parties. The Ente Fiera now boasts thirty years of experience in the organization of exhibitions and art events, drawing in more than 600 exhibitors and over 80,000 visitors each year from all over Italy.
