May 2017 Newsletter, Volume III, Issue 5

On this May 3rd meeting we had a good turnout with 12 members present.

Old Business: Another hearty thanks went out to Allamay and Gayle for their continued support/cleaning of the Adopt-A-Spot in downtown San Angelo.

New Business: Treasurer's report indicated a current balance of \$460 but since we were all surprised by a \$50.00 VFW room use fee tonight, it was voted on by all members present that we would go ahead and pay it.

Note: It was also decided by all in attendance that our new meeting location for June will be the San Angelo City South Side Recreation Center at 2750 Ben Ficklin Road on 7 June at 6:30. We will check out these accommodations & make future plans.

Next, we scheduled only one hunt at Water Valley for the 20th of May and we had a total of 5 members there who were able to recover over 60 coins. (Note: see pic on page 2).

Special notice or we interrupt this program for a happy ending:

On Mother's Day the president got a call from a friend that her dogs were fighting and she tried to break them up. She received injuries to her left hand when the dog bit her ring finger also breaking the diamond cluster off of her 34 year old engagement ring. The pres was hopeful and fortunately it took less than 5 minutes to help recover the setting. What a mother's day gift and a happy reunion of ring and setting. She wanted to pay ye ole dirt fisherman for it and of course I already told her that the big smile on her face was reward enough and wished her a very happy mother's day!! See the pic below
