# FINANCE SEMINAR & MATCHMAKING

### Financial Strategies for Sustainable Business Success

Your business success depends on its financial strength. Sharpen your money acumen to support your business and build it up. The seminar will teach you how to use the cash you already have to maximize cash flow; how to plan your finances to gain greater access to capital; and to plan for the next stage of your business. Finally, let the resource companies compete for your business! Engage in one-on-one meetings and determine the best fit for your needs.
