## Faith Imagination Workshop

Led by

Rev. Tilda Norberg

*"Faith imagination icons are powerful catalysts for change; they can reframe, overshadow, or even replace, a painful memory or a fossilized way of thinking. Icons can become lifelong symbols of our particular journey and call, or they can simply be temporary signs of God's presence to carry through the day." ~ Tilda Norberg, Consenting to Grace*

Spend a Saturday with us trying out a new way to pray. Faith imagination is simple: you allow God access to your capacity for imaginative hearing, seeing, sensing or knowing, so that you might perceive what God is doing to nurture and heal you. Then you pay attention to what happens next.

**When:** Saturday March 25, 2017 9:30am - 2:30pm

**Where:** The United Methodist Church of Port Washington,  
35 Middle Neck Road, Port Washington, NY 11050

”W2SM is an evidence based, program that focuses on improving communication through the four Languages of Love:

Goodwill,  
Empathy,  
Compassion  
and Bonding.

Over the course of the one and a half day workshop, couples will learn specific communication tools to help them express their thoughts and feelings with their partner which in turn, helps to bring the couple closer together.”

## PAIRS

*Practical Application of Intimate  
Relationship Skills*

The Warrior to Soul Mate Workshop was developed by the PAIRS Foundation to provide a comprehensive system to enhance self-knowledge and to develop the ability to sustain pleasurable intimate relationships.

Sustaining a pleasurable intimate relationship does not work by magic. It depends upon a set of skills and understanding that can be learned. Our personal history has a great deal of influence on what happens in our current relationships - on our behavior, our feelings, our expectations. We can change these influences if we become aware of them and wish to. It is well worthwhile to sort through what we inherited, keeping what fits for today and changing what does not.

PAIRS Competencies are specific skills that you will learn. These competencies focus in three areas: 1) emotional literacy; 2) partner skills for building and maintaining intimacy; and 3) practical knowledge, strategies and attitudes for sustaining positive marriage and family life.
