American Legion Post 132, Orange, California, NEWSLETTER, JULY 2022

VICTOR DE LA ROSA, COMMANDER

Greetings all.

I hope everyone has a happy 4th of July. Our Post is running the Phantom Fireworks booth in Buena Park for Post 354. If you are looking to purchase fireworks, come on out and support us. Keep in mind, they are not legal in the city of Orange. The money from the fireworks booth will go towards the window repair fund. Thank you to all of you that have donated, along with our Auxiliary unit 132 and our Riders chapter 132. Keep an eye out for more fundraisers we have coming in the future.

Thank you

Victor de la Rosa, Commander

JOSE MARTINEZ, FIRST VICE COMMANDER

Ok folks, looks like we are ending the year at 85.69% as far as membership is concerned. That equates to 467 members of 545. So we will not hand our Commander a 100% ribbon this year. But the good news is that beginning July 1st, we start over again. Let's hope that this year we can do better. Remember to start reminding everyone one to start paying their dues. That's it for now. See you at the Post...

July is the start of our Legion year and we are already off and running. The next time that you visit our Post, take a moment to look around. Thanks to the very hard work of some very dedicated Legionnaires, we are putting a shine on our historic building. The big projects like the ballroom floor and the parking lot slurry seal are very noticeable, but look in the stairway and you will see a repaired ceiling and fresh paint. You will see a nice solid container designed to store old flags in a dignified way until they can be properly retired. Not to mention the new and much expanded location for the museum. Everywhere you look, we are giving our Post the TLC that it deserves. This TLC doesn't happen by itself. It takes the efforts of our members, and on Saturday, 6/18, eleven of our members from all of the families dedicated some time and elbow grease to giving our 100-year-old building the TLC that it deserves. Thank you to Victor de la Rosa, John Schutz, Jose Martinez, Susan Wood, April and Don Laing, Dave Pritchard, Ken Craner, Bill Stringfield, Bill Leming, and Sid Gauna for your dedication. You are all my "Volunteers in the Spotlight" for this month.

It's a new year and you'll see renewal notices in your mailbox very soon. I will be receiving the member cards from The Department of California very soon and will need several days to prep them before we can distribute them. Starting July 1st, you can now pay for your renewal with your credit card at the Post. This was a much requested enhancement and we have been listening. There will be a small service charge for the use of your credit card, or you can pay by cash or check. Just see the bartender. You can also mail in a check or even renew online with Legion.org. It is important to know that when you renew online, it takes longer for you to get a card in the mail; however, you can print your own membership card right from your computer. There are plenty of options for renewing your membership so please, let's hit 100% this year.

The Orange Street Fair, a major part of our fundraising efforts every year, is right around the corner. The Post is a popular spot for folks to cool off, enjoy a beverage and relax during their visit. As usual, Post 132 members can park in the South parking lot at no charge, however, **YOU MUST SHOW A VALID MEMBERSHIP CARD TO PARK FOR FREE.** Please understand that everyone, including the Commander, will be required to show a valid membership card to park in our parking lot for free. If you do not have your current, valid membership card, you will be asked to pay \$10 to park. Just a word of wisdom to the family.

Last month I started talking about ways that you can learn more about the American Legion. We started by discussing the American Legion online Basic Training Course. This is great information presented in a self paced format and is free to Legion members. When we attend a meeting, there is a ritual flow to the meeting. Have you ever wondered where you find that ritual flow? The answer is in the "Officers Guide and Manual of Ceremonies." The Officer's Guide is a key resource for our elected and appointed officers and is available for free downloads on the National web page. This manual gives us guidance on how to set up the meeting space, the role of the officers, the order of rituals, instructions for special occasions such as installations and Post Everlast ceremonies. The Officer's Guide is a great resource that will answer questions about why we do things the way we do. I suggest that every member should take a quick look at this resource so that you better understand the workings of your Post.

Until next month, I will see you down at the Post.

Comrades and Friends!

As I write this I am participating in the Department of California Legion Convention in Visalia. Much of any convention is the rather uninteresting but necessary subjects of credentials, nominating officers, hearing commission and committee reports, budget considerations, etc.

This Convention is controversial, however, in that the future of the Boys State and Girls State programs is upon us and in my opinion the delegates were not prepared for such controversy. I would say more but I will await final written summaries of the final actions of the Convention on this complicated and delicate subject. Frankly, I am of the initial opinion that the entire program needs to perhaps follow the "Y" model and be changed to a "Youth State" or something with a set number (determined by each District) of youth that are awarded on a first-come, first-awarded basis without regard to gender. Otherwise, the complications of gender become incredibly complex.

I have completed for the Post a proposed new member initiation program for implementation (I hope) by Post 132 in the immediate future.

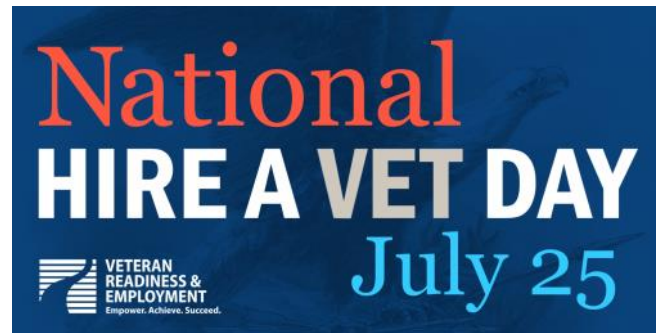

As your Post Judge Advocate I remain concerned with increasing violations of our dance floor rules about drinking over the dance floor primarily by outsiders, albeit well-intentioned. Each of us needs to remind violators of our rules to minimize potential claims.

Any Post member wanting a copy of the Post 132 Bylaws is welcome to it. Just leave me a message and what format you would like it in (printed and/or emailed).

Be sure to get your membership renewal in. The membership year begins July 1 and that's when dues are payable.

Finally, remember our mutual commitment to the Preamble to the American Legion Constitution and the Legion's Four Pillars (Veterans Affairs & Rehabilitation; National Security; Americanism; Children & Youth); and most of all remember our commitment to our National Constitution and Country though if you are a veteran, that reminder is normally not necessary. If I can be of any help to you, feel free to contact me 24/7/365.

SUSAN WOOD, FINANCE OFFICER

Our fundraiser for window repairs is going well but we still have a ways to go. For those of you that have already donated, THANK YOU. For those that have not donated yet, hopefully you will in the near future. We have raised \$34,000 towards our estimated cost of \$125K. Out of approximately 700 members at our Post, to date 9% have contributed.

We're still experiencing a learning curve by our bartenders on our new POS. We're also training new bartenders on the system. Please be patient. We're implementing two changes to reduce wait time. On Friday nights we'll have 2 bartenders working. On Tuesday nights (taco Tuesday) we'll have a cash-only line at the kitchen for ordering food. This will take traffic away from the bar.

We're slowly replacing our vinyl table cloth covers in the clubroom. One issue we had: When warm dinnerware was placed on the vinyl table cloth, any flyers underneath stuck to the vinyl, resulting in a dirty appearance of the covers. We ask that you follow these flyer guidelines:

- All flyers must be approved by an Executive board member before being displayed.
- Flyers must be placed in a clear "sleeve," available in the Finance Officer's Office, before inserting flyer under the vinyl tablecloth. That will keep flyers from sticking to the table cover.

Many thanks to the following folks for turning out and getting so much accomplished on our June 18 Post Clean Up day: Victor de la Rosa, John Schutz, Jose Martinez, Susan Wood, April and Don Laing, Dave Pritchard, Ken Craner, Bill Stringfield, Bill Leming and Sid Gauna.

Next time you are at the Post, check out the bar ceiling. We have mounted our collection of license plates from other Posts. As a reminder, when you travel and expect to visit another Post, pick up a Post 132 license plate to exchange with the Post you're visiting. It's a cool tradition. It'll be interesting to see what is the farthest Post one of our members travel.

Also, check the beam over the dance floor. We have re-hung pictures. In addition, we have patched and painted the wall in the entrance to the clubroom. Over the next couple of days we'll be painting the steps and putting new skid resistant strips for safety. We also painted the parking lot curbs a reflective white for better visibility at night. If folks could refrain from running over the curbs, the paint job will last longer. Just saying.

We have a Saturday clean up day each month. Our next one is July 16. Hopefully you can come out and give our post a little "loving." Have a safe summer and hope to see you at the Post.

DAVID ANDERSON, CHAPLAIN

As long as armies have existed, military chaplains have served alongside soldiers, providing for their spiritual needs, working to improve morale, and aiding the wounded. The Bible tells of the early Israelites bringing their priests into battle with them. Pagan priests accompanied the Roman legions during their conquests; as Christianity became the predominant religion of the Roman Empire, Christian chaplains administered to Roman soldiers. In fact, the word chaplain is derived from cappa, the Latin word for cloak.

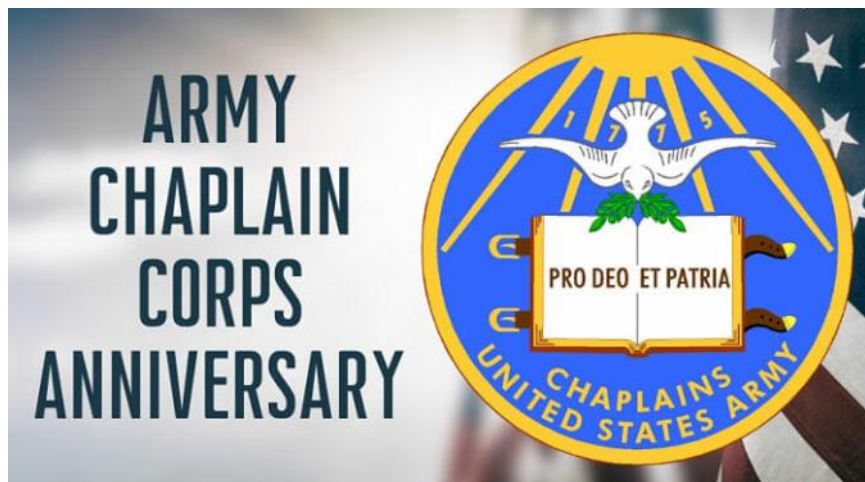

The U.S. Army Chaplain Corps is one of the oldest and smallest branches of the Army. The Chaplain Corps dates back to 29 July 1775, when the Continental Congress authorized one chaplain for each regiment of the Continental Army, with pay equaling that of a captain. In addition to chaplains serving in Continental regiments, many militia regiments counted chaplains among their ranks.

Since the War for Independence, chaplains have served in every American war. Over that period, the U.S. Army Chaplain Corps has evolved, with the addition of Roman Catholic chaplains in the Mexican War, and Jewish and African American chaplains during the Civil War. The position of chaplain assistant was created to support the work of chaplains. In January 1979, the Army commissioned its first female chaplain. Today, some 1,300 active duty Army chaplains and 1,200 in the reserve components, representing five major faiths groups (Catholic, Protestant, Jewish, Muslim, and Buddhist) and over 120 denominations, administer to soldiers and their families.

While their duties are primarily focused on spiritual and moral issues, many chaplains have also demonstrated tremendous bravery. Stories abound of chaplains administering the last rites to fallen soldiers, oblivious to the fire around them, or dashing out into the open to rescue the wounded without regard to their own lives. Five chaplains earned the Medal of Honor for their bravery, the most recent award made posthumously to Chaplain (MAJ) Charles J. Watters in November 1969. Dozens of others have made the ultimate sacrifice.

As we remember the anniversary of The Chaplain Corps on July 29, let us truly give thanks!

Chaplain Dave

JAMES GOMEZ, BUGLE EDITOR

Last month, Post 132 members received letters from the Post Officers about the priority of repairing the building windows and protecting our building's historic value in the City of Orange. The estimates for the repair exceed \$100K. As the letter pointed out, if every one of the Post 132 legion family donated \$100 each, that would equal approximately \$70K, which would cover a significant portion of the project. So if it's within your means, please consider making a donation (you can also donate your time towards fundraising efforts). Please reach out to any of the Post Officers.

To honor and memorialize contributions, the Post has created "The Wall of Windows," which will list the donor names to recognize your monetary contribution. I made a donation, and I hope you consider donating funds or volunteer time as well.

STORIES FROM THE 1917 WALL

The American Legion Riders squadron dates back to 1993, but at Post 132 we've had Riders in our midst since the get-go. Take Floyd Earl Carriker, a World War I Army soldier and Harley-Davidson rider.

Floyd was born on April 29, 1897 to a local fruit buyer and his wife. In May 1918, Floyd, 21, was inducted into the Army. It was the 4th year of World War I. He served as a Corporal in the 306th Infantry Regiment.

The Regiment traveled to France where in the fall of 1918 soldiers participated in the Oise-Aisne and Meuse-Argonne offensives. These offensives were part of a series of Allied attacks known as the Hundred Day Offensive, which is credited to bringing the war to an end.

After the war, Floyd was stationed at Camp Holabird, in Baltimore, and Camp Kearny in San Diego, located where Marine Corps Air Station Miramar now sits. He was discharged March 20, 1919.

By 1920, Floyd had joined the newly organized Orange County Motorcycle Club. In January 1921, Floyd was one of 13 riders who participated in the First Annual Motorcycle Economy Test Run. The rules were simple: Go as far as you can on a 5.4-mile course using only one quart of gas.

The riders were on their first lap when they encountered sand on the intersection of 17th Street and Prospect Ave. Going into the sand rapidly, riders had difficulty keeping their machines upright. When Floyd attempted to navigate the turn, he found himself in the adjacent orange grove.

Fortunately, he was not thrown. Masterly handling of his Harley prevented a serious accident. Floyd continued the race, placing 4th in his class. On one quart of gas, he completed 8 laps, or 44.2 miles (The winner completed 18 laps, or 97.2 miles, on his Indian Scout). We're not sure what prompted the decision, but in 1922, Floyd listed his Harley for sale.

FOR SALE—1920 Harley-Davidson motorcycle. Only run 3000 miles, a real buy. Floyd Carriker, 289 No. Center St., phone 488, Orange, Calif.

Floyd was active in the American Legion. When the Post started an employment bureau for ex-servicemen in 1921,

Floyd was designated as manager to help connect employers with Legion members.

In 1923, Floyd married Rosalie Asa, and in 1930 they had a son. From the 1930s to the 1950s, Floyd worked as a car salesman. In fact, his 1941 World War II draft card indicated he worked at Morris

Chevrolet — just 400 feet from our Post (where Snooze A.M. Eatery is now).

Floyd passed in August 1969 at the age of 72 and is interred at Fairhaven cemetery. We thank you for your service, Corporal Carriker.

Part of an ongoing series exploring some of the 158 brave men & women on the 1917 Wall in the Post 132 clubroom.
