

Orientation for Parents and the Children's Open House (2019-2020 School Year)

The week before regular classes begin, we will be having Parent Orientations and a Children's Open House to get everyone set and ready for the upcoming school year.

The Parent Orientations will be held in the evening and are for parents only to see the classroom, meet their child's teacher, finalize paperwork and get important information regarding curriculum and classroom rules and expectations. Parents attend the orientation in the classroom that their child is attending. (See below for time/day - approximately 1 hour).

The Children's Open House offers an opportunity for the children to come in with a parent or guardian so that they can meet their teacher, see their classroom and meet some other classmates. During the Open House the children can come at any time within the designated time period for their class, but it should really only take about 15 or 20 minutes to visit. We have staggered times to try to eliminate congestion in the parking lot. (See below for time/day).
