

All,

I had a long talk with Senator Ennis last night. He has gotten HB 46 on this coming Tuesday's Senate agenda. We will item #3 on the agenda. So please spread the word as we need as many people there this time as this is very important bill for us homeowners.

Tuesday April 16th be at Legislative Hall in Dover NLT noon as session is at 2 pm. We will meet in the cafeteria area again and then move to Senate Chambers and balcony areas.

Again, shake the rafters as we need to let legislation know how important this is for us.

DMHOA team,

Please make sure that we get this out as well to others that might not be on this list.

Thanks for your support

William A. Kinnick Jr
