

Saturday, August 5th | Central Park

20 DAY 17

Join us on Saturday August 5th and help us cure KIF1A!

The KIF1A Foundation is funding research leading to treatment for children diagnosed with KIF1A, a rare neurological disease.

Start the day in Central Park with a softball tournament, fun and games for the whole family. After the championship game meet us at [The Ellington](#) for food, drink, special guests and live music.

Throughout the day take part in our **KIF1A Silent Auction**, filled with big ticket items and unforgettable experiences for the highest bidders. To find out more and to **register today** visit www.KIF1A.org
