

Crazy Guy

The opportunity
Unlocking universal mysteries
To seize the moment
Kick right back and cop some zzzs

So what's to follow
This celibate, platonic devotion
I'm such a scared, scared boy
To show you my physical emotion

Well, thanks, but no thanks
Regarding as to what you suggested
I'm just so tired
And I'm feeling just a little congested

I pledge allegiance to the soul of Reverend Al
I can't find my sheep, man
