Three bridges in La Crosse County are under critical review and the metal bridge on Muenzenberger Road near Korn Coulee Road is one of the bridges. A structural review must be done by a certified engineer. The county will hire the engineer and we are responsible for part of the cost. FEMA approved the damages for last year (2019). And they approved reappropriating the funds from Kammel Coulee in 2017 to public use (new truck). That total is \$137,246.70 and we would receive total of \$120,090.87 of that claim. The truck is at Universal and is covered by our insurance.
