09/19/2017	10:00 am	Standard play, gold tees.
09/26/2017	10:00 am	Last Day, Texas Scramble – play in two's, gold tees.

GOLF GAMES FOR TUESDAY SR. MENS LEAGUE

NO ALIBIS

No alibis is extreme mulligan golf where your handicap converts into the number of mulligans you receive. If you have a 6 handicap you get 6 mulligans during the round to replay any shot. You cannot replay a shot twice. Everyone then plays off scratch and the lowest score at the end wins. Your mulligan shot must be used no matter if it is worse than the original shot. You do not have to use all of your mulligans if you choose not to. Score keeper must keep careful track of all mulligans.

MODIFIED STABLEFORD

In Stableford the golfer at the end of 9 holes who has the most points is declared the winner. The game is based on a point system. Each hole is scored with one of the five following points: Eagle – 4 points, Birdie = 3 points, Par = 2 points Bogey = 1 point Double Bogey = 0 points. At the end of the round, the individual's handicap is added to the total score.

STRIKE THREE

At the end of a round, each player gets to throw out his score on three holes. The handicap for each of those three holes is also thrown out. The remaining 6 holes are totaled for low gross and the remaining 6 hole handicap is subtracted for low net.

SHANLEY SCRAMBLE

It is a scramble where you are never out of it because the dynamic can change at any moment. Any shot your team has for an under par score on a hole, all players on a team may take the shot and if they make it, it counts. For example, you hit our team's second shot on a par 4 to within two feet of the cup. You tap it in, your team is one under par..so normally you'd go to the next hole. But..in the SHANLEY SCRAMBLE I get to also putt, and if I make it our team is 2 under par on that hole. And if the third player makes it, we're 3 under and if the forth play makes it we're 4 under on just that one hole. If you chip it in..everyone on our also may try to chip it in. if it's for eagle and two players chip it in..your team is 4 under on that hole.

TEXAS SCRAMBLE (PLAY IN TWO'S)

3 holes – Own ball (Best Ball), 3 holes – Scramble, 3 holes alternate shot

The first 3 holes each player plays their own ball, on the forth tee both players tee off and you choose the best shot and pick up the other ball. Continue until you reach the hole. Repeat for fifth and sixth hole. On seventh tee each tees off choose a ball, and the other team member will take the next shot, continue alternating shot until you hole out on the ninth hole.
