Ladies,

WOW - we have been a busy bunch! September ended with many Navajo ladies getting together at Pat Boerner's home to make Veteran's Day cards for our heroes at the VA, Balboa Hospital and a VA home in Chula Vista. We have put together over 400 cards. Now we need your help! During our meeting at the Brigantine on October 12th, anyone attending will have a chance to write a note, inside the card, of appreciation to our military.

The first weekend in October, Glenda Boerner our NCRWF Voter Registration Chair did any amazing job. She was at the La Mesa Oktoberfest non-stop both Friday and Saturday manning the booth and making sure everything ran smoothly. And smoothly it did, as our members registered voters and spoke to residents in the community. The Navajo Canyon/GOP booth was supported by State Senator Joel Anderson's staff and the San Diego Young Republican's headed by Pres. Matt Stockton.

During Oktoberfest Navajo Canyon RWF registered 32 voters (7 changed from Democrat to Republican!) and had 534 votes cast in our Straw Poll by those in attendance. The Top 5 Republican Presidential nominees were Donald Trump with 192 votes, Ben Carson 114, Carly Fiorina 76, Marco Rubio 71 and Ted Cruz 30. There is a lot of excitement for our Republican candidates I must say!

STOP THE GAS TAX!

Tell them NO: New gas and car tax plan announced

The Governor has called a special legislative session to approve new gas taxes, but has so far failed to receive bipartisan support for tax increases. Thank you for making yourself heard in opposition. Now, the Governor has announced a new proposal that would increase car taxes by \$65 and increase gas taxes by 6 to 11 cents a gallon.

While his proposal has received support from influential special interests, recent polling by UC Berkeley's Institute of Governmental Studies indicates California voters are overwhelmingly opposed to new car and gas taxes.

This is a new tax on the middle class families in CA, who are already struggling!

CONTACT YOUR REPRESENTATIVE

Legislators of both parties should oppose increases to the gas tax and car tax. Californians already pay among the nation's highest gas taxes and increases to these taxes would disproportionately impact the middle class and the poor. Recent reports indicate representatives of both parties have misgivings about higher gas taxes.

FIND YOUR REPRESENTATIVE

WRITE A LETTER TO THE EDITOR

Letters to the editor are a great way to reach thousands of people in your community. Keep your letter brief and emphasize that a tax increase is not necessary with billions in surplus revenue and alternative proposals by legislative Republicans that do NOT raise taxes but instead spend existing gas tax revenue on roads as it is intended.

October's speakers will give us an insider's look into the criminal justice system.

Judge Patricia Cookson has sat on the bench for almost 25 years, and was Deputy District Attorney for over six years. Judge Cookson established the Drug Court in East County and will share how efforts have resulted in major changes in how defendant's cases are handled at a huge savings to the taxpayer.

Our other speaker, Tia Quick is a Deputy District Attorney for the County of San Diego, and is currently assigned as the Law Enforcement Liaison to the San Diego Police Department and nine other agencies where she works specifically on informant issues, search warrants, arrest warrant and advises on legal questions. She has also served in the Major Narcotics Unit, JUDGE unit, GANG unit and the Superior Court unit during her time as a DDA. For the past ten years, the focus of her job as the liaison, and in the Narcotics Unit has been the reviewing of search warrants, updating officers on the law regarding search and seizure, as well as helping maintain a positive relationship between police agencies and the DA's Office.

Deputy District Attorney Tia Quick will update us on Proposition 47. We were told this initiative would reduce penalties for some crimes, and make our neighborhoods safer. This ballot measure was passed in 2014, and once again the results are just the opposite of what voters were promised.

November: Roger Hedgecock will join us as our speaker. Past Mayor of San Diego, radio talk show host, and outspoken advocate for conservatives, Roger is not only entertaining but also has a remarkable insight into the world of politics.

I REALLY, REALLY
CARE ABOUT YOU.

We want our members to know that we are always thinking about them.

Please let me know if you know of anyone who would be cheered up by receiving a card from their friends at Navajo.

Perhaps they are facing an illness, recovering, or grieving. We want to let them know we are thinking of them.

WATER RATE INCREASE!!

If you own property in the City of San Diego this is for you.

If you do not send in this protest form, then they will consider that you **AGREE** with this water rate hike!!!! So please sign and send in the petition – see link below.

Heads up...The City of San Diego is trying to increase water rates by another 40% on top of the massive rate hikes already passed. Despite numerous documented instances of wasteful spending at the water department, the City Council refuses to act on efficiency reforms.

There is only one way to stop the rate increase. IF you pay a city water bill, you can sign the official city water rate "protest" form. Here's the link to the form you can use!

[Water Rate Protest Form](#)

Let's send a message - more reform,
less rate hikes!

In case you missed it, we had several dignitaries join us at the New Citizens Ceremony on September 23. We had so much fun with "The Donald"!! If you give me a dollar (which will go to the Independence Fund), I will tell you who is sporting that Trump tie!

You too, can hang out with our dignitaries. Join us for the next Voter Registration event downtown at Golden Hall on October 21. We have a need for more Republicans to keep the Demo-Rats from out numbering us. We have been holding our own and registering close to 30 for the last few months.

Since the South Bay is now combined with downtown, it has increased the numbers of new citizens from around 800 to around 1400. So many of them want to be photographed with Uncle Sam and/or Lady Liberty. We need help with crowd "herding". That means we help them with their photo ops, congratulate them and ask if we can help them register to vote. Then we guide them over to our GOP canopy and someone there will help them fill out the registration form.

So there is a place for everybody! No voter registration skills needed. Just a friendly Republican lady willing to help. Think about joining us this month. And join us in November when Navajo Canyon will be the host club for Voter Registration on the concourse.

Please call or email me with any questions!

A Country Founded by Geniuses but Run by Idiots

Jeff Foxworthy:

If plastic water bottles are okay, but plastic bags are banned, you might live in a nation (state) that was founded by geniuses but is run by idiots.

WE DO LIVE IN SUCH A DUMB COUNTRY!!

If you can get arrested for hunting or fishing without a license, but not for entering and remaining in the country illegally you might live in a nation that was founded by geniuses but is run by idiots.

If you MUST show your identification to board an airplane, cash a check, buy liquor, or check out a library book and rent a video, but not to vote for who runs the government you might live in a nation that was founded by geniuses but is run by idiots.

If, in the nation's largest city, you can buy two 16-ounce sodas, but not one 24-ounce soda, because 24-ounces of a sugary drink might make you fat you might live in a nation that was founded by geniuses but is run by idiots.

If an 80-year-old woman who is confined to a wheelchair or a three-year-old girl can be strip-searched at the airport, but a woman in a burka or a hijab is only subject to having her neck and head searched you might live in a nation that was founded by geniuses but is run by idiots.

If a seven-year-old boy can be thrown out of school for saying his teacher is "cute" but hosting a sexual exploration or diversity class in grade school is perfectly acceptable you might live in a nation that was founded by geniuses but is run by idiots.

If hard work and success are met with higher taxes and more government regulation and intrusion while not working is rewarded with Food Stamps, WIC checks, Medicaid benefits, subsidized housing, and free cell phones you might live in a nation that was founded by geniuses but is run by idiots.

If you pay your mortgage faithfully, denying yourself the newest big-screen TV, while your neighbor buys iPhones, time shares, a wall-sized do-it-all plasma screen TV and new cars, and the government forgives his debt when he defaults on his mortgage you might live in a nation that was founded by geniuses but is run by idiots.

THINK BEFORE YOU VOTE.....

1. Don't marry her!
2. Always use your mom's address to get your mail.
3. The guy buys a house.
4. The guy rents out house to his girlfriend with his two kids.
5. Section 8 will pay \$900 a month for a 3 bedroom home.
6. Girlfriend signs up for Obamacare, so guy doesn't have to pay for family insurance.
7. Girlfriend gets to go to college for free being a single mother.
8. Girlfriend gets \$600 a month for food stamps.
9. Girlfriend gets a free cell phone.
10. Girlfriend get free utilities.
11. Guy moves into home, but continues to use mom's address for his mail.

12. Girlfriend claims one kid and guy claims the other kid on their tax forms. Now both get to claim head of household at \$1800 credit.

13. Girlfriend gets \$1,800 a month disability for being "crazy" or having a "bad back" and never has to work again.

This plan is perfectly legal and is being executed now by millions of people.

A married couple with a stay-at-home mom yields \$0 dollars.

An unmarried couple with stay-at-home mom nets \$21,600 disability + \$10,800 free housing + \$ 6,000 free Obamacare + \$6,000 free food + \$4,800 free utilities + \$6,000 Pell grant money to spend + \$ 12,000 a year in college tuition free from Pell grant + \$8,800 tax benefit for being a single mother = \$75,000 a year in benefits!

Any idea why the country is \$18 trillion plus in debt and half the population is sitting around letting the other half pay their way?

Chaplain's Words of Inspiration

It's autumn, the coolness is supposed to be coming but for some reason, it doesn't seem that it is (or at least while I am writing this). This has been a trying last few weeks. The Oregon shootings & other shootings, the drought, the wildfires, the passing of Eileen Rugg's husband, health & personal issues of members (both told & untold).

Lately, it seems that trials & tribulations are amongst us & upbeat mood is more for music than our lives. Bearing that in mind, I went back to my archives of books & found something that made me misty-eyed, smiling & a bit more optimistic about everything! Hope it works for you in whatever state of mind you find yourself (& I am positive you've seen, heard, read it before).

All I really needed to know about how to live & what to do & how to be I learned in Kindergarten: Share everything; Play fair; Don't hit people; Put things back where you found them; Clean up your own mess; Don't take things that aren't yours; Say you're sorry when you hurt somebody; Wash your hands before you eat; Flush; Warm cookies & cold milk are good for you; Live a balanced life---learn some & think some, draw, paint, sing, dance, play & work everyday. Take a nap every afternoon; When you go out in the world, watch out for traffic, hold hands & stick together; Be aware of wonder; We all die; LOOK. (From Robert Fulghum's All I Really Needed to Know I Learned in Kindergarten c.1986)

It IS all there --- we just need to find it & embrace it. God's beautiful, amazing, world is not just out there, it's in there: in our hearts & in our minds. We just need to hold hands & go out & share it. Make someone smile today & then tomorrow & the next day! Hugs are free & feel good for all involved.

God bless you all,

Ginny Wisley
