

NJCURE : a pilot program designed to allow local Lions Clubs access to LCIF – Lions Lenses at a reduced cost. It is a low cost alternative to providing a pair of new custom eyewear to financially needy people.

GOALS:

- 1) Assist as many financially needy people as possible to receive a free eye exam.
- 2) Reduce the cost to Lions Clubs associated with providing eye exams and eyeglasses to those less fortunate.

CONCEPT:

Clubs who chose to “Opt-In” to the NJCURE Pilot Program will save money for each referral (patient) thus, will be able to serve more people using the same limited resources.
